Resuming the agenda schedule, Mr. Dennis welcomed the 2016 Kansas Teacher of the Year Team. Honorees introduced themselves and each one shared remarks related to his or her classroom and passion. They addressed such topics as project-based learning, developing the whole child, providing a safe and happy environment, global connections, student-led parent/teacher conferences and building relationships. Those presenting were Kansas Teacher of the Year Justin Coffey, a mathematics teacher at Dodge City High School (USD 443), and team members Shelly Jennings, a 2nd-grade teacher at Maize South Elementary (USD 266), Nona Mason, a kindergarten teacher at West Elementary in Goodland (USD 352), Anna Sahadeo, a 2nd-grade teacher at Riverview Elementary in Shawnee (USD 232), Jolene Pennington, a 5th-grade teacher at Sunflower Elementary in Paola (USD 368), Lucinda Crenshaw, a 7th-grade science teacher at West Middle School in Lawrence (USD 497), Sheila Koup, a high school English teacher at Eureka Junior-Senior High (USD 389), and Kristoffer Barikmo, a social studies teacher at Blue Valley High School (USD 229). The group answered questions and relayed their encouragement for the *Kansans CAN* Vision and kindergarten readiness.

LUNCH

At 12:10 p.m., Chairman McNiece recessed the meeting for lunch until 1:30 p.m.

RECEIVE PROPOSED SUICIDE AWARENESS AND PREVENTION REGULATIONS

P.M. SESSION
(00:00:40)

KSDE Education Program Consultant Kent Reed provided national facts and statistical impact data about youth suicide. He also shared an intervention model and components of recovery plans. Board members asked a number of questions, seeking answers about causes of youth suicide, trend data

and at-risk populations. KSDE General Counsel Scott Gordon then presented proposed amendments that would add suicide awareness and prevention training in schools to current State Board accreditation regulation 91-31-32. The recommendation models the Jason Flatt Act, but expands the training to all school staff, one hour each calendar year, plus provides for a building crisis plan. The Jason Flatt Act, which has been introduced to the Kansas Senate, would require only licensed personnel to be trained. Discussion included availability of the training, time requirements, law verses regulations, challenges associated with reduction of mental health facilities and school counselors. Proceeding with the recommended regulation amendments will be voted on in March.

ACTION ON TEMPORARY EMERGENCY SAFETY INTERVENTION REGULATIONS TO COMPLY WITH NEW STATUTORY REQUIREMENTS

General Counsel Scott Gordon explained that a law passed last year, called the Freedom from Unsafe Seclusion and Restraint Act, required the State Board to adopt regulations by March 1, 2016. The new law interrupted emergency safety intervention regulations the State Board had already started through the adoption process. Mr. Porter moved to adopt temporary Emergency Safety Intervention regulations to comply with the Freedom from Unsafe Seclusion and Restraint Act. Mr. Willard seconded. A public hearing on the regulations is expected in April. Motion carried 10-0 on a roll call vote recorded as follows:

RECEIVE INFORMATION ON CITIZENSHIP PROJECTS

There were two parts to the presentation by KSDE Education Program Consultant Don Gifford. First, he provided information about Black History Month, and named many everyday devices invented by African Americans. Secondly, Mr. Gifford outlined an award for Kansas schools, as proposed by the Civic Advocacy Network, that would promote civic education and engagement. The award is based on the guidebook “Six Proven Practices for Effective Civic Learning” produced by the Education Commission of the States and the National Center for Learning Engagement. More details will be provided later. Board members stressed that students should recognize the importance of voting as civic duty.

Assistant General Counsel Kelli Broers presented the recommendation of the Professional Practices Commission following a hearing Jan. 20, 2016 on licensure case 15-PPC-51 Elisabeth Crider. BOARD REPORTS AND REQUESTS FOR FUTURE AGENDA ITEMS

Legislative — Mr. Willard and Mrs. Horst indicated that Mr. Dennis had adequately covered education legislation already. Mrs. Horst will continue to provide Capitol Observations for Board members. Chairman McNiece thanked those who attended the previous night's dinner with members of the House and Senate Education committees. Thank you letters will be sent to Rep. Highland, Sen. Abrams and Federico Consulting for coordinating the event.

Communications — Mrs. Cauble listed other groups she would like to hear Dr. Watson's presentation about the vision, including community college presidents and trustees, and the Kansas Board of Regents' Technical Education Authority.

Confidence in Public Education Task Force — Mrs. Waugh reported that 99 schools are recipients of the 2015 Challenge Awards. She thanked Board members for assisting with the presentations and asked for feedback about the individualized recognition instead of hosting one large banquet. Overall, there were positive experiences. She asked that the remaining presentations be scheduled by March 4. Mr. Willard suggested that the Task Force next year reconsider the criteria for the awards, placing less focus on assessment scores and more emphasis related to the new vision outcomes.

Board Attorney Mark Ferguson referenced copies of exchange letters he provided to Board members between the Kansas School for the Deaf NEA and his office regarding topics for upcoming negotiations. He also offered to answer questions from his monthly written report.

During individual Board member reports, Mr. Bacon reported meeting with a member of the Kansas Association of the Deaf regarding elementary student assessments at the Kansas School for the Deaf and lack of early language for children deaf and hard of hearing. He asked that assessment data be given to State Board members. He also suggested that school districts be asked to post contact information for their local school board members on the district's website for patrons to access. Mrs. Cauble reported on topics addressed at the Career and Technical Education Board meeting. She also talked about challenges to migrant students and refugees. Mrs. Waugh attended a meeting of the Kansas Association for Conservation and Environmental Education, which has been discussing water issues. KACEE's convention is April 1 in Manhattan. Mr. Porter's written report was shared, which included Challenge Award recognitions and presentations of the ESI Task Force Report. Mrs. Horst plans to attend the breakfast hosted by the Kansas Association of Independent and Religious Schools. Mr. McNiece briefed Board members on the status of the Community Service Award project. Those involved will meet on March 4. Funding options are still being considered.

Requests for Future Agenda Items:

Mrs. Horst requested a presentation on the Jobs for America's Graduates (JAG) program.

WORK SESSION — WEDNESDAY, FEB. 10, 2016

The Kansas State Board of Education convened at 9 a.m. on Wednesday, Feb. 10, for a work session, which was held at the KSHSAA offices, 601 Commerce Place, Topeka. Board members in attendance were: Chairman McNiece, Vice Chair Wims-Campbell, Mr. Bacon, Mrs. Busch, Mrs. Cauble, Mrs. Horst, Mr. Porter, Mr. Roberts, Mrs. Waugh and Mr. Willard.

Commissioner Randy Watson provided an overview of the day’s itinerary, then introduced guest presenters Jay Scott, KSDE Assistant Director of Career and Technical Education, and Kathleen Mercer, Career Pathways Coordinator. They described benefits of using a software system that would interface with school districts’ current student information systems to help build Individual Plans of Study (IPS) focused on students’ career interests. The process would help students explore various forms of postsecondary education and career fields. An IPS is a living document that serves as a comprehensive career guidance roadmap based on the students’ interests and strengths. It also facilitates conversations with students, faculty and parents to evaluate progress toward goals.

By identifying state-preferred vendors who could meet 20 pre-determined components, schools could have the options of using Individual Plan of Study software that meets their needs and secure a better subscription price. Board members raised questions about ownership of data, access to the IPS portfolios after high school graduation, data security, student mobility, and ability for schools to customize features. It was noted that currently about 80 percent of school districts are implementing some form of IPS. Different models were described. Guest presenters from Emporia High School and McPherson High School shared how the IPS process worked in their districts. They talked about the importance of purposeful parent/teacher conferences, considerations for flexible graduation requirements, use of college and career advocates, and college visits.

MOTION

Board members then learned about specifications to be included in a Request for Proposal (RFP) for the IPS software and suggested modifications related to data security. They were presented an anticipated timeline and projected costs. Mr. Porter moved to authorize the Commissioner of Education to enter into a Request for Proposal bid process for the purpose of identifying state-preferred vendors of Individual Plans of Study software systems, with modifications for incorporating data security, and grant Perkins Reserve Federal dollars for start-up costs to middle and high schools not currently utilizing a state-preferred vendor over a two-year period (July 1, 2016-June 30,2018) in an amount not to exceed \$625,000. Mrs. Waugh seconded. Motion carried 10-0.

BOARD MEMBER TRAVEL

MOTION

Additions to the travel requests were: Mr. McNiece Feb. 23 Kansas Alliance for Educational Advocacy in Topeka; Mr. Willard Feb. 17 legislative work at the Statehouse. Mrs. Busch moved to approve the travel requests and additions. Mrs. Horst seconded. Motion carried 10-0. The group dismissed at approximately 3:15 p.m.

KANSAS VIRTUAL EDUCATION OVERVIEW

Per Kansas Statute 72-3712, a virtual school or program:

- is offered for credit;
- uses distance learning technologies which predominately use internet-based methods to deliver instruction;
- involves instruction that occurs asynchronously with the teacher and pupil in separate locations;
- requires the pupil to make academic progress toward the next grade level and matriculation from kindergarten through high school graduation;
- requires the pupil to demonstrate competence in subject matter for each class or subject in which the pupil is enrolled as part of the virtual school; and
- requires age-appropriate pupils to complete state assessment tests.

Per the Kansas State Department of Education, a virtual school or program:

- meets the definition in Kansas Statute 72-3712;
- meets the virtual education requirements outlined in this document;
- offers a full-time or part-time virtual education to students; and
- receives approval during its Multi-Year Performance Portfolio Monitoring.

The only difference between a virtual school and a virtual program is that a school has its own building number for data reporting and a program uses another school's building number or the central office building number for data reporting. In all other ways, they are the same and both must adhere to these virtual requirements.

Each district may operate an unlimited number of virtual schools and programs, so long as there is no overlap of grade levels in each. For instance, a district may operate a K-6 virtual school and a 7-12 virtual school but may not operate a 9-12 virtual school and 7-12 virtual school. A district may also choose to contract with a service center for the operation of a virtual program or a diploma completion program. The grade levels in the service center operated program and a district's own virtual school or program may overlap. For instance, the district may operate a K-12 virtual school and contract with the service center for a 9-12 diploma completion program.

The following schools and programs WILL be covered under these requirements:

- District operated virtual schools and program
- District operated diploma completion programs that use a virtual model
- District contracts with service centers for individual virtual programs
- District contracts with service centers for diploma completion programs that use a virtual model

The following schools and programs WILL NOT be covered under these requirements and instead will fall under the [Diploma Completion Program Requirements](#):

- District operated diploma completion programs that use an alternative model

RETURNING VIRTUAL MULTI-YEAR RISK-BASED MONITORING PLAN

Multi-Year Risk-Based Monitoring Plan Diagram

Risk Factors

If a virtual school or program has a new virtual director identified on the Annual Progress Review, the school or program will have automatic monitoring done that year; even if it is not its cohort year.

If a virtual school or program has two or more of the following risk factors identified on the Annual Progress Review, the school or program will have automatic monitoring done that year; even if it is not its cohort year. If a virtual school or program has only one of the following risk factors identified on the Annual Progress Review, the school or program will be invited to receive additional supports from KSDE. Risk factors include:

- More than 50% licensed staff turnover
- Change in online curriculum provider
- Three or more monitoring findings from the previous year's Performance Portfolio Monitoring
- Persistently unresponsive to KSDE requests
- Three or more complaints reported by students and/or their families

If a virtual school or program is pulled for automatic monitoring, the school or program will return to its original cohort cycle afterwards. This may mean that a virtual school or program is monitored in back to back years.

PERSONNEL REQUIREMENTS

Program Director

Program Director must be Kansas licensed/certified. The local board of education shall establish the licensure/certification requirements for the position.

Program Director is also responsible for coordinating the following services:

- Student/Family Communication: ensure ongoing and continuous communication occurs among schools, teachers, students, families, and other virtual staff members
- Technical Support: support all technical aspects of the virtual school or program, ensure student's opportunity to learn is not hindered because of technical problems and communicate technology back up plan to the parents/students during the enrollment process
- Professional Development: develop, implement, and evaluate training provided to all staff, students, and parents in the use of the online system
- Assessments: ensure that grade-level appropriate virtual students participate in all district and state assessments
- Data Entry: provide data entry services for course creation, enrollment of students in virtual courses, and processing of student grades for report cards and transcripts

Teaching Staff

The virtual school or program must employ Kansas licensed virtual teachers to provide instruction and/or Kansas licensed virtual course monitors to provide oversight of students. If virtual course monitors are employed, the student must have access to Kansas licensed and certified content teachers to answer content specific questions for every core subject the student is enrolled in. The virtual course monitor may answer questions for elective subjects the student is enrolled in. Teachers and virtual course monitors for adult students should be licensed at the secondary level. All virtual staff are expected to provide responses to students and families within a 24-hour turnaround during school days.

Virtual Teacher: Provides direct instruction to virtual students and/or grades content specific assignments

- Must be licensed and certified in the appropriate content area and at the appropriate elementary, middle or secondary level

Virtual Course Monitors: Monitors virtual students in an online curriculum that provides the instruction and automatically grades assignments or provides rubric for monitors to grade assignments

- Must be licensed at the appropriate elementary, middle or secondary level

The virtual school or program may also employ teaching assistants/paraprofessionals to assist with small group instruction designed by the teacher, tutoring, communication outreach with students and families, technology issues and test proctoring.

Counseling Staff

The services of a Kansas licensed counselor must be made available to all virtual students. This can be done virtually or in a face-to-face setting.

PROGRAM REQUIREMENTS

Enrollment and Attendance

Virtual Students 18 and Under

Virtual students must attend at least two days in order to be included in the district's virtual enrollment count. Students must attend a single day on or before September 19 AND a single day on or after September 20, but on or before October 4.

In order to fulfill the "attending" provisions within a virtual school or program, the student may attend in three ways. On a given day, a student's minutes may consist of multiple ways of attending. The school or program is responsible for providing to the fiscal auditor documentation for the two days the district wishes to count for each student's "Minutes Enrolled".

1. On-line: time should be a print out from the virtual school or program's computer system showing when the student was connected to the online curriculum.
2. Off-line: time should be documented with an Academic Activity Log. This log should show the student's name, date of attendance, classes attended, and the amount of time the student was working off-line completing course requirements.
3. On-site. (Physically attend at the school on the count days, but virtual otherwise): time should be documented with sign-in/sign out sheets showing when the student was in attendance. Onsite attendance at a building within another district requires written permission from the superintendent of that other district.

NOTE: Even if the student fulfills the "attending" provision for the two count days with on-site and off-line time, the virtual school or program is still required to verify that the student logged on-line time between the beginning of the school year through October 4th.

Once the student has fulfilled the two day attendance rule above, to compute minutes enrolled, find the longest day the student attended (limited to 360 minutes) on any day on or before September 19 and the longest day the student attended (limited to 360 minutes) on or after September 20, but on or before October 4. Add the two numbers together and divide by 2, rounded to a whole minute.

Virtual Students 19 and Over

Virtual students 19 and over will not be funded on minutes enrolled on the count days and are not required to be "enrolled and attending" within the two separate count windows. Rather, any credits earned by virtual students 19 and over between July 1 and June 30 will be funded at \$933 per credit hour.

Virtual students 19 and over must also have a district enrollment form, transcript analysis, individual graduation plan and be enrolled in high school credit earning courses.

See the current enrollment handbook for a comprehensive outline of requirements:
<http://www.ksde.org/Agency/FiscalandAdministrativeServices/FiscalAuditing.aspx>

Courses, Credits and Assessments

Goals and objectives for all online courses must be correlated to local, state, and/or national standards to ensure quality in content. Students and parents must be provided access to the standards being taught within each online course, upon request.

Syllabus information (outlines, materials lists, communication expectations, grading policies and grading formats) and assignment completion timelines or target dates for must be provided for each online course.

Students must be awarded credit when they have met all goals and objectives for each online course and demonstrated competence.

Credits must be reported to the district for immediate entry onto the student's transcript at the end of each semester.

KANSAS DIPLOMA COMPLETION PROGRAM OVERVIEW

Per the Kansas State Department of Education, a diploma completion program (aka learning center, virtual learning center or community learning center):

- is an educational program operated either by a service center in partnership with one or more districts or by an individual district;
- provides services to adult learners to help them earn an accredited high school diploma (not a GED) and may also serve high school-aged students;
- meets the diploma completion requirements outlined in this document;
- offers a full-time or part-time education to students; and
- receives approval during its Multi-Year Performance Portfolio Monitoring.

A diploma completion program may operate:

- an alternative model: students attend onsite and take courses via direct instruction or using an online curriculum
- a virtual model: students take courses from home using an online curriculum
- a blend of either one for individual students

The following schools and programs WILL be covered under these requirements:

- District operated diploma completion programs that exclusively use an alternative model

The following schools and programs WILL NOT be covered under these requirements and instead will fall under the [Virtual Education Requirements](#):

- District operated virtual schools and program
- District operated diploma completion programs that use a virtual model
- District contracts with service centers for individual virtual programs
- District contracts with service centers for diploma completion programs that use a virtual model

NEW DIPLOMA COMPLETION PROGRAM APPROVAL PROCESS

Timeline of activities to become an approved diploma completion program (DCP):

RETURNING DIPLOMA COMPLETION PROGRAM MULTI-YEAR RISK-BASED MONITORING PLAN

Multi-Year Risk-Based Monitoring Plan Diagram

Risk Factors

If a diploma completion program has a new director identified on the Annual Progress Review, the program will have automatic monitoring done that year; even if it is not its cohort year.

If a diploma completion program has two or more of the following risk factors identified on the Annual Progress Review, the program will have automatic monitoring done that year; even if it is not its cohort year. If a diploma completion program has only one of the following risk factors identified on the Annual Progress Review, the program will be invited to receive additional supports from KSDE. Risk factors include:

- More than 50% licensed staff turnover
- Change in online curriculum provider
- Three or more monitoring findings from the previous year's Performance Portfolio Monitoring
- Persistently unresponsive to KSDE requests
- Three or more complaints reported by students and/or their families

If a diploma completion program is pulled for automatic monitoring, the program will return to its original cohort cycle afterwards. This may mean that a diploma completion program is monitored in back to back years.

Multi-Year Monitoring Cycle Cohorts

These cohorts match the Early Childhood, Special Education and Title Services Monitoring Cycle Cohorts.

Cohort 1
USD 259 Wichita
USD 622 ESSDACK

Cohort 2
USD 383 Manhattan
USD 407 Russell County
USD 609 Greenbush
USD 626 SWPRSC

Cohort 3
USD 211 Norton
USD 253 Emporia
USD 628 SCKESC
USD 629 Smoky Hill

*New districts will be assigned to a cohort based on the Early Childhood, Special Education and Title Services Monitoring Cycle Cohorts which can be found at: <http://www.ksde.org/Default.aspx?tabid=572>. Additionally, there may be diploma completion programs operating on an alternative model that KSDE is not yet aware of.

PERSONNEL REQUIREMENTS

Program Director

Program Director must be Kansas licensed/certified. The local board of education shall establish the licensure/certification requirements for the position.

Program Director is also responsible for coordinating the following services:

- Student/Family Communication: ensure ongoing and continuous communication occurs among schools, teachers, students, families, and other virtual staff members
- Technical Support: support all technical aspects of the virtual school or program, ensure student's opportunity to learn is not hindered because of technical problems and communicate technology back up plan to the parents/students during the enrollment process
- Professional Development: develop, implement, and evaluate training provided to all staff, students, and parents in the use of the online system
- Assessments: ensure that grade-level appropriate virtual students participate in all district and state assessments
- Data Entry: provide data entry services for course creation, enrollment of students in virtual courses, and processing of student grades for report cards and transcripts

Teaching Staff

The diploma completion program must employ Kansas licensed teachers to provide instruction and/or Kansas licensed virtual course monitors to provide oversight of students. If virtual course monitors are employed, the student must have access to Kansas licensed and certified content teachers to answer content specific questions for every core subject the student is enrolled in. The virtual course monitor may answer questions for elective subjects the student is enrolled in. Teachers and virtual course monitors for adult students should be licensed at the secondary level. All staff are expected to provide responses to students and families within a 24-hour turnaround during school days.

Teacher: Provides direct instruction to students and/or grades content specific assignments

- Must be licensed and certified in the appropriate content area and at the secondary level

Virtual Course Monitors: Monitors students in an online curriculum that provides the instruction and automatically grades assignments or provides rubric for monitors to grade assignments

- Must be licensed at the secondary level

The diploma completion program may also employ teaching assistants/paraprofessionals to assist with small group instruction designed by the teacher, tutoring, communication outreach with students and families, technology issues and test proctoring.

Counseling Staff

The services of a Kansas licensed counselor must be made available to all DCP students. This can be done virtually or in a face-to-face setting.

PROGRAM REQUIREMENTS

Enrollment and Attendance

Alternative Students

Alternative students must attend at least two days in order to be included in the district's enrollment count. Students must attend a single day on or before September 19 AND a single day on or after September 20, but on or before October 4.

Alternative time should be documented with sign-in/sign out sheets showing when the student was in attendance. Onsite attendance at a building within another district requires written permission from the superintendent of that other district.

Once the student has fulfilled the two-day attendance rule above, to compute minutes enrolled, find the longest day the student attended (limited to 360 minutes) on any day on or before September 19 and the longest day the student attended (limited to 360 minutes) on or after September 20, but on or before October 4. Add the two numbers together and divide by 2, rounded to a whole minute.

Courses, Credits and Assessments

Goals and objectives for all online courses must be correlated to local, state, and/or national standards to ensure quality in content. Students and parents must be provided access to the standards being taught within each online course, upon request.

Syllabus information (outlines, materials lists, communication expectations, grading policies and grading formats) and assignment completion timelines or target dates must be provided for each online course.

Students must be awarded credit when they have met all goals and objectives for each online course and demonstrated competence.

Credits must be reported to the district for immediate entry onto the student's transcript at the end of each semester.

State assessments must be provided and proctored for all grade-level appropriate students.

Communication with Student and Families

DCP staff must communicate regularly with students and their families. KSDE recommends at least weekly communication, even if the student is performing well.

Required communication includes, but is not limited to:

- Orientation sessions
- Feedback on performance before final course grades are awarded
- Graduation plan review each semester and as often as necessary

A backup plan for handling communication should be developed in the event the teacher or virtual course monitor is not available.

Student Involvement and Support Services

Opportunities for students to engage in interactive activities must be provided (e.g. field trips, district activities, study sessions, chat groups, video conferencing, online clubs, onsite celebrations and face-to-face instruction).

Students and families must be provided an academic/activity calendar for the diploma completion program.

A district policy, that aligns with federal law, must be established for the provision of special education, ESOL, migrant and homeless services for DCP students.

Student intervention plans must be developed for students, as needed, to address attendance and academic issues.

Professional Development

All staff involved with the diploma completion program must receive professional development that is appropriate for their job responsibilities, as determined by district. Professional development should be documented per district processes.

Required topics include, but are not limited to:

- Pedagogy
- Communication, classroom management and student engagement strategies
- Using the e-Learning system, as well as any other hardware/software required

School Improvement and Accreditation

Diploma completion programs must be integrated into district's strategic plan and included in district policies.

Diploma completion programs must adhere to all relevant state statutes, regulations and requirements.

Diploma completion programs must report all data as required by the Kansas State Department of Education, including Kansas Individual Data on Students (KIDS) records (ASGT, ENRL, EXIT, EOYA, TEST and STCO).

REQUEST AND RECOMMENDATION FOR BOARD ACTION

Agenda Number: 9

Staff Initiating:

Catherine Chmidling

Director:

Scott Myers

Commissioner:

Randy Watson

Meeting Date: 4/19/2016

Item Title:

Act on Program Standards: Art (PreK-12), Gifted (K-6, 5-8, 6-12, PreK-12), Music (PreK-12), Instrumental Music (PreK-12), and Vocal Music (PreK-12)

Board Goals:

Provide an effective educator in every classroom

Recommended Motion:

It is moved that the Kansas State Board of Education approve the revised educator preparation program standards for Art (PreK-12), Gifted (K-6, 5-8, 6-12, PreK-12), Music (PreK-12), Instrumental Music (PreK-12), and Vocal Music (PreK-12).

Explanation of Situation Requiring Action:

Educator Preparation Program Standards establish program approval requirements to ensure that preparation programs in Kansas provide educator candidates with the opportunity to learn the knowledge and skills educators need for today's learning context. The Institutions of Higher Education (IHEs) utilize program standards to develop their preparation programs and submit them for approval, and for continuous monitoring and improvement of their programs. The standards also help to establish professional learning requirements for licensure renewal.

Standards revision work groups are completing the task of revising all program standards to ensure they reflect new knowledge and skills educators need for effectiveness in today's world. In March, completed sets of revised standards were presented for review: Art (PreK-12), Gifted (K-6, 5-8, 6-12, PreK-12), Music (PreK-12), Instrumental Music (PreK-12), and Vocal Music (PreK-12). Approval of the standards is requested. Once approved, the IHEs have access to develop new programs around the standards or to revise their current programs to align to the updated standards.

The proposed standards, the previous standards and a crosswalk were provided at the March 2016 meeting. Staff and representatives from the respective standards revision committees will be available to answer questions.

Crosswalk: Previous versus New Art Education Standards

General Information about this Revision:

- Changed language in some standards to clarify, simplify and bring standards up to current practices in the field
- Added emphasis on collaboration, on including new technologies and artforms, on drawing on local community and global resources, and on using multiple forms of assessment to support teachers' decision making and student learning

Crosswalk: Previous versus New Vocal Music Standards

General Information about this Revision:

- » After careful consideration and discussion, the 9 standards as previously adopted were amended and refined to align with accreditation standards of both the National Association of Schools of Music (NASM) and the Council for Accreditation of Educator Preparation (CAEP). Furthermore, the new InTASC Standards were consulted to ensure that meeting the newly revised standards would provide a smooth transition into the classroom.
- » Careful consideration was given to aligning all three areas of licensure to make them more consistent.
- » After deliberation, the consensus of the committee was to reduce the current 9 standards to a total of 7. Redundant material was removed, while other knowledge and performance indicators were moved to standards that were more relevant.
- » Standards 2 and 3 were merged to encompass the composition, arrangement, and improvisation music within the classroom.
- » Standard 6 was merged with Standard 5 to create a comprehensive approach to musical analysis within the context of music teaching.
- » The new Standard 6 addresses assessment of student learning in the music classroom.
- » Standard 7 was integrated throughout musical pedagogy, listening, and analysis (Standards 1 and 4).
- » Knowledge and Performance Expectations from Standard 8 were found in Standards 1,4, & 6 and were summarily moved to their respective standards. Those that did not fit were included in the new Standard 7.
- » Finally, the new Standard 7 was recreated to encompass professionalism and reflective practice. Most of old standards 8 and 9 were refined and regrouped to better reflect the expectations of our future educators. The document below will highlight the main points of interest when comparing the new standards with the old.

Higher Education Program Standards

April 2016

Program Standards

Program Standards:

- **IHEs utilize program standards to:**
 - Develop their preparation programs and submit for approval
 - Monitor and redesign programs to ensure teacher candidates have access to learning opportunities that are aligned with the needs of today's learners and expectations of teachers

Kansas State Department of Education
www.ksde.org

Program Standards

Two types of program standards:

1. Professional Education Standards
 - Articulate a core of teaching knowledge and skills - What teachers across all content and grade levels should know and be able to do to be effective in today's learning contexts
2. Content Program Standards
 - Articulate knowledge and skills within each specific content or (endorsement) subject area: i.e. chemistry, math, elementary

Reminder

- These standards focus on the knowledge and skills educator candidates need for today's learning context.
- The Institutions of Higher Education, which are accredited by KSDE, utilize the standards to develop and improve their teacher prep programs.
- The standards do not specifically address what curriculum is to be taught in the classroom.
- The role of the revision work groups is to ensure the standards reflect new knowledge and skills educators need for effectiveness in today's world.
- The standards help to establish professional learning requirements for licensure renewal, but do not dictate licensure criteria for each specific subject area.

Five Sets of Program Standards

1. Art (PreK-12)
2. Gifted (K-6, 5-8, 6-12, PreK-12)
3. Music (PreK-12)
4. Instrumental Music (PreK-12)
5. Vocal Music (PreK-12)

Art (PreK-12)

- Changed language in some standards to clarify, simplify and bring standards up to current practices in the field.
- Added emphasis on collaboration, on including new technologies and artforms, on drawing on local community and global resources, and on using multiple forms of assessment to support teachers' decision making and student learning.
- Added language that includes collaborative strategies; Recognizes increased use of information and technology.
- Enlarged assessment to include multiple methods; Linked assessment to students' engagement in their own growth; Added that assessment guides teachers' decision-making
- Increased emphasis on professional responsibility

Gifted (K-6, 5-8, 6-12, PreK-12)

- Updated standards for alignment with NAGC and INTASC Standards, and Praxis exam categories.
- Rephrased standards for clarity by reducing redundancies.
- References “gifted education teacher” and “learners identified as gifted.”
- Adds “diversity” throughout the standards.
- Combined needs into “cognitive, social and emotional” categories.
- Emphasized individual differences.
- Emphasized evidenced-based instructional strategies.

Music, Instrumental Music, and Vocal Music (all PreK-12)

- Standards were aligned with accreditation standards of the National Association of Schools of Music (NASM) and the Council for Accreditation of Educator Preparation (CAEP). The InTASC Standards were consulted to ensure a smooth transition to the classroom.
- All three areas of licensure were aligned to make them more consistent.
- The current 9 standards were reduced to 7. Redundant material was removed, while other knowledge and performance indicators were moved to standards that were more relevant.
- Standards 2 and 3 were merged to encompass the composition, arrangement, and improvisation music within the classroom.
- Standard 6 was merged with Standard 5 to create a comprehensive approach to musical analysis within the context of music teaching.

Music, Instrumental Music, and Vocal Music (all PreK-12) continued

- The new Standard 6 addresses assessment of student learning in the music classroom.
- Standard 7 was integrated throughout musical pedagogy, listening, and analysis (Standards 1 and 4).
- Knowledge and Performance Expectations from Standard 8 were found in Standards 1,4, & 6 and were summarily moved to their respective standards. Those that did not fit were included in the new Standard 7.
- Finally, the new Standard 7 was recreated to encompass professionalism and reflective practice. Most of old standards 8 and 9 were refined and regrouped to better reflect the expectations of our future educators.

Next Steps

- Addressing other program standards over the next few months, utilizing the same process steps

OVERVIEW:

As Chairman of the Board I suggested that we hold our monthly meetings in the Coalition districts during the 2015-16 school year. Our meeting schedule was built around this idea, but the option for a conference call-in was also available for most meetings. The host districts have provided very informative presentations at these monthly meetings, and Coalition members have had the opportunity to learn from their colleagues and staff members in other Coalition districts. All Coalition meetings are open meetings with the public and guests invited to attend. Monthly meeting agendas also give time for updates from each district, KSDE, and the State BOE. NEW INITIATIVES:

Districts continue to make progress in the area of student success, but few new initiatives have been proposed during this year. The Coalition recognized that changes would be coming from the federal level, and that new Commissioner Randy Watson would be leading change at the state level. However, the Coalition continues to work with KSDE to explore options in the area of assessment and hopes to have the opportunity for flexibility, or relief, with assessments.

The Coalition has taken action to allow districts to make application for membership at any time during the year. We are working on a draft of a process that will meet the requirements in the statute, but will also encourage districts to join the Coalition when timing is good for the district. Currently, the process includes consideration of new applications one time a year. One district has indicated that they will submit an application for membership after local Board approval in May. **We will ask advice of the State Board of Education when working out details that involve the Board's process of approving applications.**

Finally, I want you to know that it has been my pleasure to work with the State Board, KSDE Staff and my colleagues in the Coalition. Our intentions and efforts have been focused on increasing student success for kids in Kansas. I expect the next year to bring new and exciting initiatives as a result of the collaboration between these groups, as well as collaboration with other districts in Kansas. The Coalition will be electing a new chair, due to my retirement in June. Thank you for the opportunity to work with you!

Respectfully,

Beverly Mortimer

Item Title:

Act on Final Order for Ramos Case

Board Goals:

Governmental Responsibility

Recommended Motion:

It is moved that the Kansas State Board of Education issue findings of fact and conclusions of law to support the decision and Final Order of the Board to cancel and revoke the professional license of Suzette Ramos.

Explanation of Situation Requiring Action:

This case was first reviewed by the State Board at its January 13, 2016, meeting. To recap the factual history of the underlying case, Ms. Ramos entered a criminal diversion agreement after having been charged with misdemeanor theft for using a co-worker's credit card on five separate occasions. Ms. Ramos successfully completed diversion after a formal complaint was filed by the Kansas State Department of Education. Her criminal case was subsequently dismissed. A full evidentiary hearing was held on November 23, 2015, after which the Professional Practices Commission recommended Ms. Ramos be publicly censured. KSDE filed a Petition for Review and Ms. Ramos filed a response. After reviewing the evidence, the State Board remanded the matter to the Commission for findings of fact and conclusions of law consistent with the revocation of Ms. Ramos's license. Ms. Ramos objected to the remand. The Commission entered new findings of fact. Ms. Ramos objected to the new findings of fact. All evidence presented at the November 23, 2015, hearing is again provided, including a video of the hearing. Additionally, Ms. Ramos's objections to the remand and new findings of fact are included, as well as the Commission's February 19, 2016, findings of fact. The video link below is of the November 23, 2015, hearing. Ms. Ramos's hearing begins at approximately the 41st minute.

PETITION FOR REVIEW

COMES NOW the Kansas State Department of Education (KSDE) by and through its attorney, Kelli M. Broers, and requests, pursuant to K.S.A. 77-527, K.S.A. 72-8506, and K.A.R. 91-22-25, that the Kansas State Board of Education (State Board) review the Initial Order entered in this matter. **Exhibit 1.** Additionally, KSDE requests that the State Board not adopt the Professional Practice Commission's (Commission) recommendations in this matter, and, instead, enter a Final Order revoking Ms. Ramos's teaching license. KSDE makes the request for the following reasons:

Introduction

Suzette Ramos is a licensed special education teacher. While licensed, she used her co-worker Gabriela Moreno's credit card five times without authorization. Though Ms. Ramos claimed she found the credit card in the school parking lot, it was undisputed Ms. Ramos had unsupervised access to Ms. Moreno's purse earlier that same day. In addition to claiming she found the card in a parking lot where she did not usually park, Ms. Moreno's card was bright yellow and Ms. Ramos's card was blue. Despite the difference in appearance and the probability of using the wrong card five times, Ms. Ramos claims to have accidentally used Ms. Moreno's card instead of her own because they were in the same coat pocket. Ms. Ramos never returned the card and never reported she used Ms. Moreno's card. The theft was uncovered when Ms. Moreno realized her card was missing and contacted the bank and the police began investigating. Ms. Ramos wasn't identified as the suspect until two weeks later.

After an evidentiary hearing, and by a vote of 5 - 2, the Commission recommended the State Board **publically censure** Ms. Ramos for her actions. This recommendation is not supported by substantial and competent evidence.

Standard of Review

The State Board exercises de novo review of the Commission’s Initial Orders. K.S.A. 77-527; See also Tire Disposal Facilitators, Inc. v. State ex rel. Harder, 22 Kan.App.2d 491, 492 (1996). This includes the ability to determine witness credibility. 22 Kan.App.2d at 492.

I. The Commission’s Findings and Recommendation Are Not Supported by Substantial and Competent Evidence

Substantial competent evidence is evidence which possesses both relevance and substance and which furnishes a substantial basis of fact from which the issues can reasonably be resolved.” Wiles v. Am. Family Life Assur. Co. of Columbus, 302 Kan. 66, 73 (2015). The Commission’s Conclusions of Law and its recommendation of public censure are not supported by substantial and competent evidence.

a. The Commissions’ finding regarding a letter of recommendation was contrary to the evidence presented

The Commission stated two facts were the foundation for its recommendation that Ms. Ramos only be publicly censured. First, the Commission gave great weight to a letter of recommendation provided by Dr. Karen Johnson, Director of Special Education at USD 457 and Ms. Ramos’s previous supervisor. The Initial Order states in paragraph 12, “In addition, Dr. Karen Johnson . . . was willing to provide a glowing letter of recommendation for Ms. Ramos, on district letterhead, to be presented in this matter.” This is false.

Ms. Ramos testified she did **not** tell Dr. Johnson the letter would be used at the hearing. See hearing DVD 1:52:40 – 1:53:50. Had Ms. Ramos testified otherwise, KSDE had rebuttal evidence available that would demonstrate Dr. Johnson was unaware of Ms. Ramos’s scheduled hearing before the Commission when she updated the letter of recommendation.

Additionally, Ms. Ramos’s less than forthright request of Dr. Johnson is further evidence of her continued lack of integrity. It is not a factor in her favor.

Because the Commission gave this piece of evidence significant weight when determining Ms. Ramos’s discipline and the Commission misremembered the actual nature of the evidence, the Commission’s recommendation is not supported by this evidence.

b. The Commission’s finding regarding USD 457’s acceptance of Ms. Ramos’s resignation is not supported by the evidence

As noted above, the Commission stated two facts in particular were the bases for its public censure recommendation. However, this second factor is not necessarily a “fact,” but a conclusion the Commission wrongly drew from the testimony. More specifically, the Commission found compelling that USD 457 permitted Ms. Ramos to resign rather than dismissing her. Standing alone, this fact does not support Ms. Ramos.

USD 457 Deputy Superintendent, Heath Hogan,¹ testified that on May 2, 2014, he provided Ms. Ramos notice that her contract would not be renewed. He testified his decision was based on Ms. Ramos’s actions, *i.e.*, he did not believe she had mistakenly used Ms. Moreno’s credit card five times. Upon receiving the notice of non-renewal, Ms. Ramos submitted her resignation, which the local board accepted. Mr. Hogan testified that upon receiving a notice to non-renew, “an employee can choose to resign in lieu of termination.” That is, the district policy was to permit employees who had received non-renew notices to resign

¹ Mr. Hogan was Ms. Ramos’s principal/supervisor at the time of her crime.

instead of being terminated. Rather than accepting that USD 457 permits employees to resign when presented with a notice of non-renewal, the Commission erroneously inferred that the board's decision to allow Ms. Ramos to resign must signal some sort of board approval of Ms. Ramos's misconduct. This was contrary to the evidence presented and therefore the Commission's recommendation is not supported by substantial and competent evidence.

c. The Commission stated Ms. Ramos immediately tried to make restitution to Ms. Moreno, which is not supported by the evidence

In paragraph 8 of the Initial Order, the Commission notes that Ms. Ramos immediately tried to make restitution to Ms. Moreno. This is inaccurate. Ms. Ramos only offered restitution after police arrived to interview her two weeks later. To the extent this factor played a role in the Commission's recommendation, the recommendation is not supported by substantial and competent evidence.

II. The State Board Should Review All Evidence and Judge Witness Credibility

KSDE requests that the State Board review all evidence submitted at the hearing so it may judge the witnesses' credibility for itself.² KSDE makes that request for the following reasons:

a. The evidence shows none of the witnesses believed Ms. Ramos

Ms. Moreno testified she did not believe Ms. Ramos found her card in the parking lot nor did she believe Ms. Ramos accidentally used her credit card. She testified Ms. Ramos had control of her purse the same day the unauthorized purchases were made. Additionally, the gas receipt which was with her credit card remained in her purse. Ms. Moreno also testified Ms. Ramos did not park in the same parking lot as her (thereby refuting Ms. Ramos's claim she picked up the credit card in the parking lot). Ms. Ramos's response to this allegation was that not only had she

² All evidence admitted and a recording of the hearing are being provided to the Board electronically. Respondent is being provided a DVD copy of the hearing.

found Ms. Moreno's unattended purse earlier in the day, but upon returning from lunch she had parked in a parking lot different from her normal routine.

Mr. Hogan testified he did not believe Ms. Ramos. More specifically, he did not believe she accidentally used the wrong card five different times. He testified he believed it was "more than just a mistake," which was he provided Ms. Ramos with the notice of non-renewal and why she would not be eligible for rehire with the district in the future.

b. The Commission did not believe the witness

The Commission notes in paragraph 14 of its Initial Order that it questioned whether Ms. Ramos "fully understands the seriousness of her conduct" because she continued to call the incident "an unfortunate accident." Ms. Ramos's story throughout has been that it was an accident, a result of chance and her state of mind surrounding her health. If the Commission believed Ms. Ramos, the incident was not "serious conduct" that requires her understanding. Instead, the Commission believed there was some wrong doing. But the Initial Order is unclear regarding what exactly the Commission believes Ms. Ramos did that is discipline worthy, other than it objected to Ms. Ramos categorizing the event as an "unfortunate accident."

III. Requested Action

For these reasons, KSDE requests that the State Board exercise its authority to review de novo all of the evidence presented in this case and reach its own conclusion regarding the type of discipline warranted. K.S.A. 72-8506 and K.S.A. 77-527(d). KSDE continues to believe revocation is appropriate because the evidence shows Ms. Ramos is a bad actor, she knowingly took Ms. Moreno's card, and she knowingly used it five separate times. Yes, this is the only time Ms. Ramos has been charged criminally with theft. But she also misrepresented to Dr. Johnson the circumstances for which she was requesting an updated letter of recommendation.

The question remains whether Ms. Ramos can be trusted with her co-workers' possessions, or, more importantly the possessions of the special education children with whom she works.

Alternatively, KSDE requests that the State Board remand this matter for further consideration by the Commission because its findings that were contrary to the evidence presented at the hearing, for entry of an Initial Order that is supported by substantial and competent evidence, and for clarification regarding which of Ms. Ramos's actions are subject to discipline.

KANSAS STATE DEPARTMENT OF EDUCATION

In the Matter of the
Professional License of
Suzette Ramos

Case No. 15-PPC-32
OAH No. 16ED0003

INITIAL ORDER

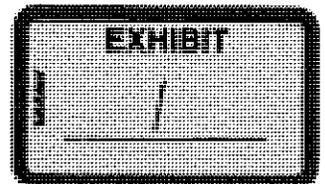

Statement of Case

The above-captioned case comes on for hearing before the Professional Practices Commission (Commission) of the Kansas State Department of Education (KSDE) upon the complaint filed by the KSDE seeking revocation of Suzette Ramos' professional teaching license.

The hearing was held on November 23, 2015. Appearing for the Commission were chairperson, Linda Sieck, and members, Tavis Desormiers, Dorsey Burgess, Jessica Snider, Justin Henry, John McKinney, and Ginger Riddle. The licensee, Suzette Ramos, appeared in person and with her attorney, Miko Francis. The KSDE appeared by and through its attorney, Kelli Broers.

Findings of Fact

1. With the exception of approximately one month, Ms. Ramos has been licensed as a teacher in Kansas since 2009. Ms. Ramos was employed as a licensed teacher at USD 457 in Garden City, Kansas, from August 2010 through May 2012, and then from August 2013 through May 2014. Prior to becoming a licensed teacher, she had worked at USD 457 as a paraeducator beginning in 1997.

2. Ms. Ramos is currently employed at USD 480 in Liberal, Kansas.
3. On February 25, 2014, Ms. Ramos found a purse in the workroom/lounge at Victor Ornealas Elementary School, where she was employed.
4. Ms. Ramos took the purse to the office where the school nurse identified it as belonging to Gabriela Moreno, a paraeducator, also employed at the school.
5. Ms. Moreno, noticing she did not have her purse after returning from lunch, went to the office and was told it had been turned in by Ms. Ramos.
6. Ms. Ramos stated that later that same day as she was leaving the school, she found Ms. Moreno's credit card, a yellow Gold Plains card, in the parking lot. She stated that she was in a hurry to pick up her children so she put it in her pocket, intending to turn it in the following day. Ms. Ramos stated that her credit card, a blue Teachers Credit Union card, was also in her pocket.
7. Ms. Ramos then proceeded to use Ms. Moreno's card five times that evening; first, at Wheatlands Conoco in Garden City for \$31.01; second, at Dillons in Garden City for \$10.44; third, at Dillons in Garden City for \$48.70; fourth, at Wal-Mart in Garden City for \$298.17; and fifth, at Oasis Car Wash and Gas in Garden City for \$63.00. The total of the purchases was \$452.32.
8. Ms. Ramos testified that after using Ms. Moreno's card she did not know what happened to it. She testified that her coat had a hole in the pocket and that it may have fallen out. She, however, never returned the card to Ms. Moreno.
9. At around 5:00 that evening, Ms. Moreno went to buy groceries and discovered that her credit card was not in her purse. She then checked in her car and at

home. Remembering that she had put gas in her car the day before, she believed that the card was lost and contacted the company to cancel the card.

10. The next morning, Ms. Moreno went to the bank and discovered that her card had been used five times at four different places the prior day by someone other than herself.

11. The police were then contacted and Ms. Moreno provided a statement.

12. On March 11, 2014, police officers with the Garden City Police Department contacted Ms. Moreno, at school, and showed her a photo of the individual using her card at Oasis Car Wash and Gas on February 25, 2014. Ms. Moreno identified the individual as Ms. Ramos. The police also used the tag number on Ms. Ramos' vehicle to identify her as the individual using the card.

13. On March 11, 2014, Ms. Ramos met with law enforcement officers.

14. On March 12, 2014, Ms. Ramos spoke with Ms. Moreno and apologized numerous times for using the card.

15. On May 2, 2014, Ms. Ramos received a letter from Heath L. Hogan, principal at Victor Ornealas, recommending that Ms. Ramos' teaching contract not be renewed for the 2014-2015 school year. This was based on his knowledge of incident occurring on February 25, 2014. Ms. Ramos submitted a letter of resignation.

16. On May 27, 2014, Ms. Ramos submitted her application to upgrade her license. The application was granted with her new license expiring on March 2, 2020.

17. On June 4, 2014, the Board of USD 457 accepted her letter of resignation.

18. Ms. Ramos was then hired as a special education teacher at USD 480 in Liberal, Kansas, for the 2014-2015 school year.

19. In December 2014, Ms. Ramos was charged in the District Court of Finney County, Kansas, in Case No. 2014-CR-000689-MD with misdemeanor theft in violation of K.S.A. 21-5801(a)(1) and (b)(4) and misdemeanor criminal use of a financial card in violation of K.S.A. 21-5828(a)(1).

20. Ms. Ramos entered into a diversion agreement in February 2015, wherein she stipulated to the facts alleged in the complaint and the attached affidavit, *i.e.*, that she deprived the victim [Ms. Moreno] of \$452.32 by using her credit card, five different times at four different locations.

21. On July 6, 2015, the Kansas Department of Education filed its complaint against Ms. Ramos seeking revocation of her license based on the above-referenced criminal conduct.

22. By order dated July 17, 2015, the criminal complaint against Ms. Ramos in Case No. 2014-CR-000689-MD was dismissed due to the fact that she successfully completed the terms and conditions of her diversion agreement.

23. On July 20, 2015, Ms. Ramos filed her request for hearing on the complaint.

Conclusions of Law
and
Discussion

1. K.A.R. 91-22-1a provides that “[a]ny license issued by the state board may be suspended or revoked, or the license holder may be publicly censured by the state

board for misconduct or other just cause," including entering into a diversion agreement after having been charged with a misdemeanor involving theft.

2. Educators, as licensed professionals, are held to a higher standard. Educators are in a position of public trust and are role models not only for the students but for the community.

3. For the following reasons, the Commission finds that revocation of Ms. Ramos' license is too severe under the circumstances in this matter.

4. Initially, the Commission finds that there is insufficient evidence to conclude that Ms. Ramos stole the credit card from Ms. Moreno's purse.

5. The evidence was disputed as to where Ms. Ramos typically parked, however, she testified that on February 25, 2014, she parked in the same parking lot as Ms. Moreno, and that is where she found the credit card.

6. No one saw Ms. Ramos remove the credit card from Ms. Moreno's purse and Ms. Moreno did not discover the credit card missing until after she had left the school.

7. There was no evidence presented that Ms. Ramos has ever been in any trouble or has engaged in similar conduct in the past.

8. Ms. Ramos immediately tried to make restitution to Ms. Moreno and worked to complete her diversion in only four to five months rather than the year that had been ordered.

9. Without any prior evidence that Ms. Ramos has a propensity to engage in criminal conduct such as stealing or shoplifting, the Commission does not believe that such behavior will be repeated by Ms. Ramos.

10. All of the evidence presented, with regard to her professional conduct, indicates that Ms. Ramos is a dedicated member of the teaching profession and does a good job in the classroom.

11. This was supported by USD 457 letting Ms. Ramos resign rather than immediately dismissing her.

12. In addition, Dr. Karen Johnson, the Director of Special Education for USD 457, was willing to provide a glowing letter of recommendation for Ms. Ramos, on district letterhead, to be presented in this matter. She did so, knowing about the February 25, 2014 incident.

13. These two actions were important to the Commission in its decision herein, as Ms. Ramos had been a long-time employee in the district.

14. Notwithstanding the above-mentioned, while Ms. Ramos expressed her remorse for her behavior in the letter she provided as part of her diversion to Ms. Moreno, her characterization of the incident during her hearing as "an unfortunate accident," caused the Commission to question whether Ms. Ramos fully understands the seriousness of her conduct.

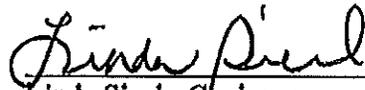

15. Accordingly, the Commission finds that discipline is warranted and in this case, recommends the public censure of Ms. Ramos.

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Ms. Ramos be disciplined by public censure.

This Initial Order of the Professional Practices Commission is not a Final Order and is required to be reviewed by the Kansas State Board of Education in accordance with the provisions of the Kansas Administrative Procedure Act.

The parties may submit to the Kansas State Board of Education for its consideration as a part of its review of the Initial Order, a written brief citing legal authority as to why the above recommendation should not be accepted. The legal brief must be filed with the Secretary of the Professional Practices Commission, Kansas State Department of Education, 120 SE 10th Avenue, Topeka, Kansas 66612, within ten days after service of the Initial Order for transmittal to the Kansas State Board of Education.

This Initial Order is made and entered this 8 day of December, 2015.

Linda Sieck, Chairperson

I would like to take this time to apologize again. I did not intentionally mean to use your credit card. It was a horrible mistake. I did not mean to cause you any harm. I had been struggling with some side effects of my surgery and was just not myself. I was having a very stressful day and I wasn't paying attention and for that I am deeply sorry. I know this ~~does~~ not make it okay, but I needed to explain. Again. - I am sorry for the stress this caused you and I hope all is forgiven.

NATIONAL ASSOCIATION FOR SHOPLIFTING PREVENTION®

...because shoplifting steals from all of us

March 24, 2015

Ms. Suzette Ramos
207 S 7th Street
Garden City, KS 67846

Dear Suzette:

We are pleased to inform you that you satisfactorily completed the Home-Study segment of the Shoplifters Alternative Course (SA Course) on 03/24/2015 and received a grade of "B".

From your responses to the questions asked during the course, it appears that your shoplifting behavior may be less related to criminal intent and more the result of personal stress or other factors that are or were affecting your life at the time of the incident. In our experience, others in the same situation have been helped by short-term counseling or psychotherapy. Therefore, we recommend that you enter some form of counseling for evaluation and additional help with this issue. If you cannot find a psychotherapist on your own, we will be pleased to assist you in finding a qualified psychotherapist in your area.

Remember to review your NASP Wallet Card/Support Summary which was at the end of your program. It contains recommendations regarding what to do:

- 1) Before You Enter A Store
- 2) After You Enter A Store
- 3) When In The Store

We also recommend the following for your future rehabilitation:

- 1. Review any portion of the program again whenever you feel the need.
- 2. Contact us directly if you need assistance.
- 3. Visit our website for access to support services such as Telephone Coaching, Online Self-Help Groups and a Referral to a Psychotherapist at www.ShopliftingPrevention.org/WhatNASPOffers/NSHC.htm.

You have taken a big step toward taking responsibility for your actions by completing the SA Course. We now encourage you to pay any outstanding fees to the court and/or civil fines that you owe to the store. By satisfying all criminal and civil sanctions associated with this event, you will avoid any further action against you and move on with your life knowing this incident and shoplifting are behind you.

Please accept our best wishes for your future and remember that we are always here for you.

Sincerely,

Gina Hoelderlin
Program Administrator

To whom it may concern:

I would first like to start off by saying thank you for taking the time to read this letter. I am truly mortified by what happened. I am NOT, nor have EVER been, a thief. I have apologized numerous times for my actions on that day. I had tried to make it right ever since I found out what happened. I called the police department every week trying to rectify my wrong. I cannot tell you how very sorry I am. I talked with Gabby and apologized to her and told her how ashamed I was the very next day. I had been going through some very emotional things in my life. I had just had my second cancer scare and just came back to work from my second major surgery within two years. I had been having panic attacks, felt anxious all the time, I had insomnia and wasn't sleeping more than 3 hours a night and I was battling with depression. I was wrong and I am not trying to justify my actions. I just want you to know the circumstances of my actions on that day. I was having a very demanding day. There were a lot of things going on at work. I was very late picking up my daughter, I should have paid closer attention to what I was doing and for that I am so truly sorry. I am so embarrassed by my actions on that day! I can't take it back. I wished I could. I did do everything I could to fix my wrong.

I have been in education for 18 years. I started out as a Para-educator. I absolutely loved working with children so I went back to school. I worked during the day and went to school at night. I had two small children and a husband at home to take care of. I am an honest, hard-working woman who would NEVER intentionally hurt anyone. I am a teacher, a mother, and I'm a wife. I help others; I don't hurt them. I ask that you please not revoke my teaching license. I love my job and I love being a teacher there is nothing else I'd rather be doing with my life! I am a very dedicated teacher not only to my student's, but to all staff members as well.

Linda McVey from the county attorney's office gave me permission to give you her number. She said please feel free to call her and she will let you know how cooperative I've been through this whole ordeal. She then stated she would help me file a petition for expungement when this is over. Again, I am so truly sorry for my actions. I did not mean to hurt anyone.

Sincerely,

Suzette Ramos

15 July 2015

I am writing this letter today to ask that my teaching license not be revoked. I had been going through a very tough time when this incident took place back in February 2013. I had just had my second cancer scare. I just returned back to work from my second major surgery in two years. I'd been battling with depression, anxiety, and panic attacks for quite some time as well. This was a very difficult time in my life. I was brought up in a Christian home with Christian values. I would never intentionally hurt anyone or take things that don't belong to me. I was truly devastated when I found out what had happened.

I was charged with misdemeanor theft, but I did not steal anything. I don't dispute the fact that I used the card, but I do dispute the fact that I stole it. I found a credit card in the parking lot while I was leaving work. In a hurry to pick my daughter up from school I put the card in my coat pocket with every intention of taking it into work the next day to find out whose it was. While at the gas station my daughter got into my purse and handed me my credit card. I put it in my pocket. I used the wrong card. I made a huge mistake and was clearly not paying attention to what I was doing. It was not done maliciously or with cruel intentions to hurt anyone. Gabriella and I talked. I had told her how truly sorry I was. She forgave me. We both stated how we

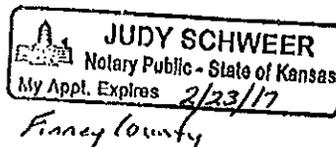

needed to be more careful. I thought that was the end of it. Until a year later when I received a letter stating I was being charged.

My family and I need my income. We will not survive without it. I am supporting one child in college and another in 9th grade. I would never jeopardize my career over \$400.00. I absolutely love my job. I love those I work with and most of all I love coming to work every day to see my students. I beg you please have mercy in your hearts and do not revoke my license. Teaching is all I have ever wanted to do. I have so much love and passion for my job. I don't know what I'd do if I could not teach anymore.

I don't envy your job. I know it must be difficult at times to try and judge someone through their words on a piece of paper. But I beg you please don't judge me because of this one act. I am a good and decent person who deserves to keep her teaching license. Please don't revoke my license. I have worked way too hard to get to where I'm at, not only for myself, but for my children as well.

Special Education

September 10, 2015

To Whom It May Concern:

It is my privilege to write this letter of recommendation for Ms Suzette Ramos. I have worked with Ms Ramos off and on for the past 15 years. She was a special education para educator, for several years, and then switched to general education para as she worked on her elementary education degree. After completing her degree, she became an early childhood special education teacher for a year. She left the district for a year and when she returned, she was an elementary special education resource teacher.

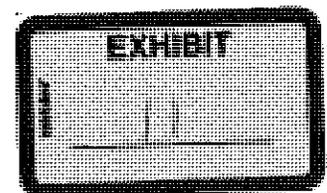

During the time I have worked with Ms Ramos, I have found her to be a very conscious employee. She quickly learned new paperwork and routines. She has been a responsible teacher in all ways from service to students to completing her paperwork promptly and correctly. She has taken changes in processes and procedures over the years in stride and implemented student programs with fidelity. She deals with parents in a positive and respectful manner.

Ms Ramos is always concerned about the students she works with and uses a variety of strategies to work with students needing assistance. She does a good job of keeping the students involved and learning through the use of multiple activities that address different learning styles. The students respond to her sense of humor, discipline, expectations, and caring. Ms Ramos has established specific routines for her students and they understand and follow those routines. When students get off task or are not behaving appropriately, Ms Ramos brings them back to task and has consequences established if they are needed.

Ms Ramos is a very organized and responsive teacher. She is perceptive, and able to delve beyond the surface to see the ultimate source of concerns or problems. She is not afraid to take risks, when she believes it will lead to improvement for her students. She is willing to ask questions and takes suggestions and implements them ably.

9. Identify each location where you used Ms. Moreno's credit card. For each location, provide a list of items you purchased.

Answer.

First, let me start off by stating that I DID NOT knowingly use Gabby's card. I thought that it was mine I was using. This was not done with malicious intent or to harm her. It was an unfortunate accident on my part. One I tried to rectify as soon as I found out what I had done. I called the Garden City Police Department every other day to find out what I could do. They told me if they needed me they would contact me.

I had told Linda McVey, my diversion supervisor that I did not agree with all the places Gabby said I had used her card. She had put Sam's club gas station. I did not have a Sam's Club card, therefore could not use it there. I did not agree with a few other purchases that were on the complaint either. I was informed that if I did not agree, I could just go to court. I thought it would be easier if I just signed the diversion agreement so this nightmare could be over. I never imagined all this happening.

First, the Oasis gas station where I purchased gas.

Then I went to Dillons. I cannot recall what I had gotten. I believe they were having a sale on paper towels. It has been almost 3 years. A lot has happened since then.

Next was Wal-Mart. I purchased groceries and again a long time has passed and I cannot recall everything I had gotten.

Lastly, I believe I stopped at the station before heading home.

On that day at around 1:45 p.m., I was in my office heading to the intercom to contact a teacher. At that time Suzette Ramos came to the office holding a white purse, and stated that she found that purse in the lounge. Lora Aguilera, the school secretary grabbed it, and I immediately recognized it as Gabriela Moreno's purse. Lora grabbed the purse and placed it on the back counter, and she said she will contact Gabriela about it. I normally eat lunch from 1:00 to 1:30 p.m. in the teacher's lounge. Gabriela usually comes into the lounge at about 1:20 p.m. from her lunch. That's how I know it was her purse.

Luz Galeano, R.N.

Luz Galeano
V.O. School Nurse

On February 25th I forgot my purse in the workroom for about one hour. When I came back there I couldn't find my purse. I went to the office and I was going to ask about it when Lora told me "we have your purse". I thanked her and asked who brought my purse in? She responded Suzette Ramos.

That evening when I tried to pay with my credit card I couldn't find it anywhere. I checked my car, my house and every possible place. I thought I lost my credit card in the last place that I used it which was Sam's gas station.

It was around 7p.m. when I called the credit card company to notify them that I had lost my credit card and they cancelled it. The next morning February 26th, I went to my bank to let them know and to confirm that my credit card was actually cancelled.

The bank clerk gave me an updated statement to check for any fraudulent charges. I found five unauthorized purchases. There were five different purchases from four different places and totaled \$452.32.

I notified the police and gave police officer Gibson a statement and a copy of the unauthorized charges. He said they will start an investigation.

On March 11th the police officer Heit visited me at Victor Ornelas Elementary School. He showed a photo from his cell phone to see if I can recognize the woman in the image. At first instance I responded no, then he expanded the image and he said "are you sure? She has a school district ID." I recognized it was Suzette but I couldn't believe it. Officer Heit went into the office and asked Lora who was that person and she immediately responded Suzette Ramos.

On the morning of March 12th, Mrs. Mcvey approached me and said that Mrs. Ramos wanted talked to me if I would agree to speak to her. She also said that Mrs. Ramos told her that the police officer said she could contact me (later on I found out that the police officer told her do not contact me). Mrs. Mcvey stayed in the classroom as a witness.

Mrs. Ramos said to me "I couldn't sleep last night. I'm sorry that I used your credit card by mistake. That was a stupid mistake; she doesn't want jeopardize her job". I asked her did you take my credit card from my purse. She responded "no, I'd never do that. I found it in the VO parking lot. I put it in my purse because I was in a hurry and then I accidentally used it to pay for my purchase". She repeated several times "I'm sorry, I'm so sorry". I first asked her do you have a yellow Golden Plains Credit Card? She responded, "no, I don't have that kind." Next I asked her where my credit card is at. She replied she is looking for it but so far she can't find it. She said that she was going to ask her husband to help her find it. That is what Mrs. Ramos said to me the last time she spoke to me.

Gabriela Moreno

To whom it may concern,

It was about 1:45 almost 2:00pm, when Suzette Ramos brought a white purse in with black letters on it, she said someone had left it by the microwave in the lounge. I thanked her for bringing it in, as I was taking it from Suzette, Luz Galeano our school nurse seen the purse and said that it belonged to Gabriela Moreno.

I looked for Gabriela's schedule to see where she would be at to call her down to office to come and get it and by that time Gabriela was already coming to the office to look for her purse.

Dear Mr. Hogan and Dr. Johnson,

I just received the e-mail about the meeting. I have been doing everything in my power to get this situation resolved. I have contacted the officer in charge several times, but she has told me that she will get a hold of me if she needs to. I have shared with her the urgency of getting this resolved because of its affect on my employment.

I would like to address both of you and say a few things before you make your final decision about my employment here at VO and with the school district. I would first like to start out by saying that I will not make any excuses for my foolishness. However, I would like for you both to know a few things that I have been dealing with before you make up your mind about me. I have not been myself since my surgery. I have been battling with depression, insomnia, and I get panic attacks, just to name a few. I tried self medicating myself, but it has not helped. I finally made a conscious decision and went and seen my Doctor. I am on the right track hopefully, but feel that might be too late. I want you both to know how truly sorry I am. I cannot apologize enough for what has happened. This was not a malicious act, but merely a huge mistake on my part, one that I have been deeply and truly sorry for. I should have paid closer attention to what I was doing and been more responsible. Anyone who knows me knows that I am a very honest and heart felt person. This act of cruelty is not in my nature. This was NOT intentional nor did I mean to hurt anyone. I LOVE my job and working with students is my passion. I have been with USD #457 for almost 20 years. I would never do anything to jeopardize that purposely. Thank you for taking the time to read this.

My deepest apologizes,
Suzette Ramos

**LICENSEE'S RESONSE TO
PETITION FOR REVIEW**

For her response to the Petition for Review filed herein, Licensee requests that the Kansas State Board of Education (State Board) adopt the recommendations of the Professional Practice Commission (Commission) and enter a Final Order of public censure for the following reasons:

BACKGROUND

This matter arises out of the unlawful use of another's credit card.

The evidence, as accepted by the Commission, was that Licensee, Suzette Ramos, found a purse in the workroom or lounge at the elementary school at which she was employed on February 25, 2014. She immediately took the purse to the school office, where the school nurse identified it as belonging to a paraeducator, Gabriella Moreno.

When Ms. Moreno discovered her purse was missing, she went to the office recovered the purse turned in by Licensee.

Later, Ms. Moreno discovered her credit card was missing from the purse.

Ms. Ramos found a credit card on school property later that day in a parking lot and as she was in a hurry to pick up her children after school, put the card in her pocket.

Her own credit card was in her pocket.

Ms. Ramos made five purchase that day with Ms. Moreno's card, totaling \$452.32.

When Ms. Moreno discovered the card missing, she had her card company cancel the card and contacted the police.

On March 11, 2014, the police showed Ms. Moreno a photo of a person using her card on February 25, 2014. The person in the photo was Ms. Ramos. Thereafter, the police met with Ms. Ramos on that day and the next day, Ms. Ramos apologized to Ms. Moreno for using the card.

Ms. Ramos submitted a letter of resignation from her position, as she was advised by her school principal, Heath Hogan, on May 2, that he was not going to recommend renewal of her contract. The letter of resignation was accepted by the USD 457 Board on June 4.

On May 27, 2014, Ms. Ramos applied to upgrade her license, which was granted.

Subsequently, Ms. Ramos was hired as a special education teacher by USD 480 for the 2014-2015 school year.

In December, 2014, Ms. Ramos was charged with misdemeanor theft and misdemeanor criminal use of a financial card in the District Court of Finney County, Kansas.

Ms. Ramos entered into and successfully completed a diversion program and repaid the \$452.32.

ARGUMENT

Was the Commission recommendation supported by substantial, competent evidence, that is: was there such evidence presented that was relevant and of substance

that furnished a substantial basis of fact from which the issues could be resolved in the manner in which the Commission resolved them? The answer is yes.

Here, the Commission found a complete lack of evidence that Ms. Ramos has some propensity to commit theft or other criminal conduct and based on the observations at the hearing also found such behavior as occurred would not be repeated.

As to Board Counsel's comments regarding the letter of recommendation written by Dr. Johnson that Dr. Johnson was unaware the scheduled hearing before the Commission when the letter was written, there is absolutely no evidence to suggest that anything different would have been stated by Dr. Johnson than what appears in the letter. If this issue was crucial to counsel's case, counsel should have produced Dr. Johnson and give Licensee and the members of the Commission the opportunity to examine Dr. Johnson.

Indeed, Dr. Johnson's letter was identified as KSDE exhibit 11 at the hearing and was not included in the exhibits submitted to the Commission by Licensee.

Board Counsel also argues that none of the witnesses believed Licensee. However, the question is not whether other witnesses believed licensee, but what weight did the members of the Commission give to the testimony of the witness who appeared and testified.

When the members retired to consider their recommendation, they came to the conclusion that public censure is appropriate, under the evidence produced by both parties.

CONCLUSION

Based on the forgoing, it is respectfully submitted that the State Board adopt the

recommendations of the Commission and publicly censure Licensee.

**LICENSEE'S OBJECTION TO

COMMITTEE FOR PREPARATION
OF FINDINGS OF FACT
CONTRARY TO FINDINGS OF FACT
ALREADY FOUND BY THE COMMITTEE**

Licensee objects to the remand by the State Board to the Professional Practices Committee to prepare findings of fact in support of revocation of Licensee's license, when the Committee has adopted findings of fact supporting public censure in its Initial Order entered on December 8, 2016.

Licensee's counsel submits that since the State Board takes the position that Licensee's license should be revoked, then the Board should make its own findings to support such a result. The Professional Practices Committee heard the witnesses and weighed the evidence by the Department of Education's counsel and by Licensee and, after deliberation, concluded that public censure was the appropriate sanction.

Licensee understands that the Initial Order was subject to Board approval. What the Board now asks is to prepare an order, which from the letter of the Executive Secretary to the undersigned dated January 27, 2016, would make it appear that the Committee in fact found facts to support the Committee's conclusion that revocation is

the appropriate sanction.

WHEREFORE, it is respectfully submitted that because it is the Board's decision that revocation is appropriate and not the Professional Practices Committee's decision, it is the Board that should prepare such findings as it sees fit to support the Board's decision, in the event further proceedings arise in this matter. The Board is in a better position to know the facts upon which it relied to support its decision rather than the Committee.

BEFORE THE PROFESSIONAL PRACTICES COMMISSION
KANSAS STATE DEPARTMENT OF EDUCATION

In the Matter of the
Professional License of
Suzette Ramos

Case No. 15-PPC-32
OAH No. 16ED0003

Professional Practices Commission's Findings of Fact

On February 15, 2016, the Professional Practices Commission (Commission) convened by telephone conference call to deliberate on this matter. Appearing for the Commission were chairperson, Linda Sieck, and members, Bradley Nicks, Tavis Desormiers, Kimberly Groom, Dorsey Burgess, Jessica Snider, Ginger Riddle, and John McKinney.

As directed by the Kansas State Board of Education (Board), the Commission has again reviewed the evidence and enters the following findings of fact consistent with the Board's decision to revoke Suzette Ramos's professional teaching license.

Findings of Fact

1. With the exception of approximately one month, Ms. Ramos has been licensed as a teacher in Kansas since 2009.
2. As a licensed teacher, Ms. Ramos is in a position of public trust, including the trust of those with whom she works.
3. As a licensed teacher, Ms. Ramos is, at all times, to be a role model to her students.

4. Ms. Ramos was employed as a licensed teacher at USD 457 in Garden City, Kansas, from August 2010 through May 2012, and then from August 2013 through May 2014. Prior to becoming a licensed teacher, she had worked at USD 457 as a paraeducator beginning in 1997.

5. Ms. Ramos is currently employed at USD 480 in Liberal, Kansas.

6. On February 25, 2014, Ms. Ramos found a purse in the workroom/lounge at Victor Ornealas Elementary School, where she was employed.

7. Ms. Ramos took the purse to the office where the school nurse identified it as belonging to Gabriela Moreno, a paraeducator, also employed at the school.

8. Ms. Moreno, noticing she did not have her purse after returning from lunch, went to the office and was told it had been turned in by Ms. Ramos.

9. Ms. Ramos claimed that later that same day as she was leaving the school, she found Ms. Moreno's credit card, a yellow Gold Plains card, in the parking lot. This was the parking lot where Ms. Moreno typically parked but not the parking lot where Ms. Ramos typically parked. Ms. Ramos's claim that she just happened to find a credit card in a parking lot of the same person who she had earlier found the purse is certainly plausible but doubtful.

10. Ms. Ramos stated that she was in a hurry to pick up her children so she put Ms. Moreno's credit card in her coat pocket rather than go back into the school to turn it in. She claimed that her credit card, a blue Teachers Credit Union card, was also in the same pocket.

11. There was no explanation as to why, if Ms. Ramos did not have the time to take Ms. Moreno's credit card back in the school, she did not, at least, call the school to report that she had found Ms. Moreno's credit card.

12. Ms. Ramos then proceeded to use Ms. Moreno's yellow credit card, without noticing it was not her blue credit card, five times that evening; first, at Wheatlands Conoco in Garden City for \$31.01; second, at Dillons in Garden City for \$10.44; third, at Dillons in Garden City for \$48.70; fourth, at Wal-Mart in Garden City for \$298.17; and fifth, at Oasis Car Wash and Gas in Garden City for \$63.00. The total of the purchases was \$452.32.

13. Ms. Ramos testified that after using Ms. Moreno's credit card she did not know what happened to it. She testified that her coat pocket had a hole in it and that Ms. Moreno's credit card may have fallen out, but her credit card did not.

14. At around 5:00 that evening, Ms. Moreno went to buy groceries and discovered that her credit card was not in her purse. She then checked in her car and at home. Remembering that she had put gas in her car the day before, she believed that the credit card was lost and contacted the company to cancel the credit card.

15. The next morning, Ms. Moreno went to the bank and discovered that her credit card had been used five times at four different places the prior day by someone other than herself.

16. The police were then contacted and Ms. Moreno provided a statement.

17. The next morning, Ms. Ramos did not tell Ms. Moreno or anyone else at the school that she had found Ms. Moreno's credit card and then had lost it.

18. On March 11, 2014, police officers with the Garden City Police Department contacted Ms. Moreno, at school, and showed her a photo of the individual using her credit card at Oasis Car Wash and Gas on February 25, 2014. Ms. Moreno identified the individual as Ms. Ramos. The police also used the tag number on Ms. Ramos' vehicle to identify her as the individual using the credit card.

19. On March 11, 2014, Ms. Ramos met with law enforcement officers and provided her version of what happened.

20. On March 12, 2014, Ms. Ramos spoke with Ms. Moreno and apologized numerous times for using her credit card. Ms. Ramos offered no explanation as to why between February 25, 2014 and March 12, 2014, she did not tell Ms. Moreno that she had found her credit card, that she had "accidentally" used her credit card five times, and that she had then lost her credit card.

21. On May 2, 2014, Ms. Ramos received a letter from Heath L. Hogan, principal at Victor Ornealas, recommending that Ms. Ramos' teaching contract not be renewed for the 2014-2015 school year. This was based on his knowledge of incident occurring on February 25, 2014. Ms. Ramos submitted a letter of resignation.

22. On May 27, 2014, Ms. Ramos submitted her application to upgrade her license. The application was granted with her new license expiring on March 2, 2020.

23. On June 4, 2014, the Board of USD 457 accepted her letter of resignation.

24. Ms. Ramos was then hired as a special education teacher at USD 480 in Liberal, Kansas, for the 2014-2015 school year.

25. In December 2014, Ms. Ramos was charged in the District Court of Finney County, Kansas, in Case No. 2014-CR-000689-MD with misdemeanor theft in violation of K.S.A. 21-5801(a)(1) and (b)(4) and misdemeanor criminal use of a financial card in violation of K.S.A. 21-5828(a)(1).

26. Ms. Ramos entered into a diversion agreement in February 2015, wherein she stipulated to the facts alleged in the complaint and the attached affidavit, *i.e.*, that she deprived the victim [Ms. Moreno] of \$452.32 by using her credit card, five different times at four different locations.

27. On July 6, 2015, the Kansas Department of Education filed its complaint against Ms. Ramos seeking revocation of her license based on the above-referenced criminal conduct.

28. By order dated July 17, 2015, the criminal complaint against Ms. Ramos in Case No. 2014-CR-000689-MD was dismissed due to the fact that she successfully completed the terms and conditions of her diversion agreement.

29. On July 20, 2015, Ms. Ramos filed her request for hearing on the complaint.

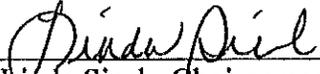

30. In a letter to the Department of Education, dated July 15, 2015, and during the hearing, Ms. Ramos claimed that she had just had a second cancer scare at the time of the incident and was battling depression, anxiety and panic attacks. However, there was no evidence offered in support.

31. At the hearing held on November 23, 2015, Ms. Ramos demonstrated her lack of recognition of the wrongfulness and seriousness of her conduct by characterizing

her use of Ms. Moreno's credit card was an "unfortunate accident." This testimony calls in to question Ms. Ramos's credibility and veracity.

32. Ms. Ramos' actions in this matter call in to question her character and fitness to be in a position of public trust as a licensed teacher.

Submitted to the Kansas State Board of Education this 19 day of February, 2016.

Case No. 15-PPC-44

v.

Sarah Futrell,
Respondent.

INITIAL ORDER

Statement of Case

The above-captioned case comes on for hearing before the Professional Practices Commission (Commission) of the Kansas State Department of Education (KSDE) upon the complaint filed against the respondent, Sarah Futrell, by Dr. Cynthia Lane, Superintendent of Schools, Unified School District No. 500, Kansas City, Kansas, (USD 500) for breach of contract.

The hearing in this matter was convened on January 20, 2016. Appearing for the Commission were chairperson, Linda Sieck, and members, Tavis Desormiers, Dorsey Burgess, Bradley Nicks, Ginger Riddle, and Jessica Snider.

Appearing on behalf of USD 500 was its attorney, Gregory P. Goheen. The respondent did not appear.

Findings of Fact

1. The respondent and USD 500 are parties to a contract of employment for the 2015-2016 school year.

2. On or about July 29, 2015, the respondent requested, in writing, that she be released from her contract.

3. USD 500's Board of Education denied the respondent's request and informed the respondent by letter dated August 11, 2015, that her resignation constituted a breach of her teaching contract.

4. On September 25, 2015, USD 500 filed a complaint against the respondent requesting that the respondent's teaching license be canceled pursuant to K.S.A. 72-1383 or suspended pursuant to K.S.A. 72-5412, as a consequence of the breach of her employment contract with USD 500.

5. On October 12, 2015, a telephone prehearing conference was convened. Robert Turner appeared as counsel for USD 500. The respondent appeared *pro se*.

6. During the prehearing conference, the hearing in this matter was scheduled for January 20, 2016 at 9:30 a.m. The Prehearing Order memorializing the hearing date was served on the respondent on October 14, 2015 and was not returned as undeliverable. The Prehearing Order also provided that, "Any party who fails to attend or participate in a prehearing conference, hearing, or other stage of an adjudicative proceeding may be held in default pursuant to K.S.A. 77-520 of the Kansas Administrative Procedure Act."

7. The respondent did not appear at the hearing and, therefore, is in default.

Conclusions of Law
and
Discussion

1. K.S.A. 77-520(a) provides, in pertinent part:

If a party fails to attend or participate in a prehearing conference, hearing or other stage of an adjudicative proceeding, the presiding officer may serve upon all parties written notice of a proposed default order, including a statement of the grounds.

2. While the Commission could make its recommendations based solely on the fact that the respondent did not appear at the hearing, the Commission will address the merits of the complaint.

3. K.S.A. 72-1383 provides:

Any license issued by the state board of education or institutions under the state board of regents may be canceled by the state board of education in the manner provided by law, on the grounds of immorality, gross neglect of duty, annulling of written contracts with boards of education without the consent of the board which is a party to the contract, or for any cause that would have justified the withholding thereof when the same was granted.

4. K.S.A. 72-5412 provides:

All contracts shall be binding on both the teacher and board of education of the school district until the teacher has been legally discharged from such teacher's teaching position or until released by the board of education from such contract. Until such teacher has been discharged or released, such teacher shall not have authority to enter into a contract with the board of education of any school district for any period of time covered in the original

contract. If upon written complaint, signed by 2/3 of the members of the board of education of the school district, any teacher who is reported to have entered into a contract with another school or board of education without having been released from such former contract, or for other reasons fails to fulfill the provisions of such contract, such teacher, upon being found guilty of such charge at a hearing held before the state board of education, shall have such teacher's license suspended for the remainder of the term for which such contract was made.

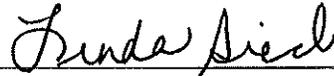

5. The respondent has failed or refused to fulfill the provisions of her employment contract with USD 500. Therefore, the respondent is in breach of her contractual commitment to USD 500.

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Sarah Futrell's license be suspended until June 30, 2016.

This Initial Order of the Professional Practices Commission is not a Final Order and is required to be reviewed by the Kansas State Board of Education in accordance with the provisions of the Kansas Administrative Procedure Act.

The parties may submit to the Kansas State Board of Education for its consideration as a part of its review of the Initial Order, a written brief citing legal authority as to why the above recommendation should not be accepted. The legal brief must be filed with the Secretary of the Professional Practices Commission, Kansas State Department of Education, 900 SW Jackson Street, Topeka, Kansas 66612, within ten days after service of the Initial Order for transmittal to the Kansas State Board of Education.

This Initial Order is entered this 5 day of February, 2016.

INITIAL ORDER

Statement of Case

The above-captioned case comes on for hearing before the Professional Practices Commission (Commission) of the Kansas State Department of Education (KSDE) upon the complaint filed against the respondent, Qawiy Ali, by Dr. Cynthia Lane, Superintendent of Schools, Unified School District No. 500, Kansas City, Kansas, (USD 500) for breach of contract.

Appearing on behalf of USD 500 was its attorney, Gregory P. Goheen. The respondent did not appear.

Findings of Fact

1. The respondent and USD 500 are parties to a contract of employment for the

2015-2016 school year.

2. On or about August 4, 2015, the respondent requested, in writing, that she be released from her contract.

3. USD 500's Board of Education denied the respondent's request and informed the respondent by letter dated August 8, 2015, that her resignation constituted a breach of her teaching contract.

1. K.S.A. 72-1383 provides:

Any license issued by the state board of education or institutions under the state board of regents may be canceled by the state board of education in the manner provided by law, on the grounds of immorality, gross neglect of duty, annulling of written contracts with boards of education without the consent of the board which is a party to the contract, or for any cause that would have justified the withholding thereof when the same was granted.

2. K.S.A. 72-5412 provides:

All contracts shall be binding on both the teacher and board of education of the school district until the teacher has been legally discharged from such teacher's teaching position or until released by the board of education from such contract. Until such teacher has been discharged or released, such teacher shall not have authority to enter into a contract with the board of education of any school district for any period of time covered in the original contract. If upon written complaint, signed by 2/3 of the members of the board of education of the school district, any teacher who is reported to have entered into a contract with another school or board of education without having been released from such former contract, or for other reasons fails to fulfill the provisions of such contract, such teacher, upon being found guilty of such charge at a hearing held before the state board of education, shall have such teacher's license suspended for the remainder of the term for which such contract was made.

3. K.S.A. 72-1383 provides:

Any license issued by the state board of education or institutions under the state board of regents may be canceled by the state board of education in the manner provided by law, on the grounds of immorality, gross neglect of duty, annulling of written contracts with boards of education without the consent of the board which is a party to the contract, or for any cause that would have justified the withholding thereof when the same was granted.

3. USD 500's Board of Education denied the respondent's request and informed the respondent by letter dated November 19, 2015, that his resignation constituted a breach of his teaching contract.

4. On December 4, 2015, USD 500 filed a complaint against the respondent requesting that the respondent's teaching license be canceled pursuant to K.S.A. 72-1383 or suspended pursuant to K.S.A. 72-5412, as a consequence of the breach of his employment contract with USD 500.

1. K.S.A. 72-1383 provides:

Any license issued by the state board of education or institutions under the state board of regents may be canceled by the state board of education in the manner provided by law, on the grounds of immorality, gross neglect of duty, annulling of written contracts with boards of education without the consent of the board which is a party to the contract, or for any cause that would have justified the withholding thereof when the same was granted.

2. K.S.A. 72-5412 provides:

All contracts shall be binding on both the teacher and board of education of the school district until the teacher has been legally discharged from such teacher's teaching position or until released by the board of education from such contract. Until such teacher has been discharged or released, such teacher shall not have authority to enter into a contract with the board of education of any school district for any period of time covered in the original contract. If upon written complaint, signed by 2/3 of the members of the board of education of the school district, any teacher who is reported to have entered into a contract with another school or board of education without having been released from such former contract, or for other reasons fails to fulfill the provisions of such contract, such teacher, upon being found guilty of such charge at a hearing held before the state board of education, shall have such teacher's license suspended for the remainder of the term for which such contract was made.

3. As stated above, the respondent has agreed to suspension of his teaching license until June 30, 2016.

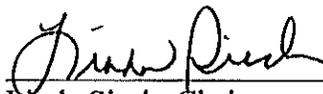

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Michael Forbis's license be suspended until June 30, 2016.

6. During the prehearing conference, the hearing in this matter was scheduled for January 20, 2016 at 9:30 a.m. The Prehearing Order memorializing the hearing date was served on the respondent on December 17, 2015, and was not returned as undeliverable. 3. K.S.A. 72-5412 provides:

All contracts shall be binding on both the teacher and board of education of the school district until the teacher has been legally discharged from such teacher's teaching position or until released by the board of education from such contract. Until such teacher has been discharged or released, such teacher shall not have authority to enter into a contract with the board of education of any school district for any period of time covered in the original contract. 4. The respondent has failed or refused to fulfill the provisions of her employment contract with USD 353. Therefore, the respondent is in breach of her contractual commitment to USD 353.

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Kristen Ledesma's license be suspended until June 1, 2016.

This Initial Order of the Professional Practices Commission is not a Final Order and is required to be reviewed by the Kansas State Board of Education in accordance with the provisions of the Kansas Administrative Procedure Act.

It is moved that the Kansas State Board of Education adopt the findings of the Professional Practices Commission and its recommendation for licensure suspension.

Explanation of Situation Requiring Action:

USD 500 filed a complaint against Alisha Shipley for breach of contract. After reviewing the evidence, the Professional Practices Commission recommended suspension of her license. After receiving the Initial Order entered in this matter, Ms. Shipley contacted KSDE and alerted them she had executed a voluntary suspension and provided it to USD 500 prior to the Commission considering her case. USD 500 contends it did not receive an executed voluntary suspension from Ms. Shipley until after the Initial Order was made. Ms. Shipley has requested the final order entered in this matter reflect that she executed the voluntary suspension.

3. USD 500's Board of Education denied the respondent's request and informed the respondent by letter dated November 19, 2015, that her resignation constituted a breach of her teaching contract.

4. On December 4, 2015, USD 500 filed a complaint against the respondent requesting that the respondent's teaching license be canceled pursuant to K.S.A. 72-1383 or suspended pursuant to K.S.A. 72-5412, as a consequence of the breach of her employment contract with USD 500.

5. On December 21, 2015, a telephone prehearing conference was convened. Robert Turner appeared as counsel for USD 500. The respondent appeared *pro se*.

6. During the prehearing conference, the hearing in this matter was scheduled for January 20, 2016 at 9:30 a.m. The Prehearing Order memorializing the hearing date was served on the respondent on December 22, 2015, and was not returned as undeliverable. The Prehearing Order also provided that, "Any party who fails to attend or participate in a prehearing conference, hearing, or other stage of an adjudicative proceeding may be held in default pursuant to K.S.A. 77-520 of the Kansas Administrative Procedure Act."

7. The respondent did not appear at the hearing and, therefore, is in default.

Conclusions of Law
and
Discussion

1. K.S.A. 77-520(a) provides, in pertinent part:

If a party fails to attend or participate in a prehearing conference, hearing or other stage of an adjudicative proceeding, the presiding officer may serve upon all parties written notice of a proposed default order, including a statement of the grounds.

2. While the Commission could make its recommendations based solely on the fact that the respondent did not appear at the hearing, the Commission will address the merits of the complaint.

3. K.S.A. 72-1383 provides:

Any license issued by the state board of education or institutions under the state board of regents may be canceled by the state board of education in the manner provided by law, on the grounds of immorality, gross neglect of duty, annulling of written contracts with boards of education without the consent of the board which is a party to the contract, or for any cause that would have justified the withholding thereof when the same was granted.

4. K.S.A. 72-5412 provides:

All contracts shall be binding on both the teacher and board of education of the school district until the teacher has been legally discharged from such teacher's teaching position or until released by the board of education from such contract. Until such teacher has been discharged or released, such teacher shall not have authority to enter into a contract with the board of education of any school district for any period of time covered in the original

contract. If upon written complaint, signed by 2/3 of the members of the board of education of the school district, any teacher who is reported to have entered into a contract with another school or board of education without having been released from such former contract, or for other reasons fails to fulfill the provisions of such contract, such teacher, upon being found guilty of such charge at a hearing held before the state board of education, shall have such teacher's license suspended for the remainder of the term for which such contract was made.

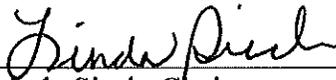

5. The respondent has failed or refused to fulfill the provisions of her employment contract with USD 500. Therefore, the respondent is in breach of her contractual commitment to USD 500.

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Alisha Shipley's license be suspended until June 30, 2016.

This Initial Order of the Professional Practices Commission is not a Final Order and is required to be reviewed by the Kansas State Board of Education in accordance with the provisions of the Kansas Administrative Procedure Act.

The parties may submit to the Kansas State Board of Education for its consideration as a part of its review of the Initial Order, a written brief citing legal authority as to why the above recommendation should not be accepted. The legal brief must be filed with the Secretary of the Professional Practices Commission, Kansas State Department of Education, 900 SW Jackson Street, Topeka, Kansas 66612, within ten days after service of the Initial Order for transmittal to the Kansas State Board of Education.

This Initial Order is entered this 5 day of February, 2016.

From: Phyllis Farrar
Subject: Proposal for a State Seal of Biliteracy diploma credential
Date: 3/18/2016

Board Goals: Provide a flexible and efficient delivery system to meet our students' varied and changing needs

In support of the Board's Vision: "Kansas leads the world in the success of each student" and in order to realize the Board's Mission "To prepare Kansas students for lifelong success through rigorous, quality academic instruction, career training and character development according to each student's gifts and talents," the KSDE World Language Advisory Council proposes that Kansas should award a State Seal of Biliteracy to Kansas graduates.

It is proposed that a Seal of Biliteracy be awarded by the Kansas State Department of Education or a local district to recognize a student who has attained proficiency in English and one or more other world languages upon completion of high school. The recognition for attaining biliteracy becomes part of a student's high school transcript and diploma. It explicitly addresses the Career and Technical Education foundational skill of communicating "respectfully and effectively with people of different cultures and diverse perspectives." The Seal is a statement of accomplishment that recognizes a student's readiness for career and college, and for engagement as a global citizen. This would align with state seals of biliteracy that have now been adopted by 15 states. Once incorporated into the Individual Plan of Study, it would provide clearly defined proficiency goals for students and their teachers.

Phyllis Farrar, Education Program Consultant for World Languages, CSAS, and Julie Ewing, Education Program Consultant for Title III and ESOL, will explain the proposal, provide current enrollment data as context for implementation, and answer any questions that Board members might have.

Proposal for Kansas Seal of Biliteracy

Purpose

It is proposed that a Seal of Biliteracy be awarded by Kansas State Department of Education or a local district to recognize a student who has attained proficiency in English and one or more other world languages upon completion of high school. The recognition for attaining biliteracy becomes part of a student's high school transcript and diploma. It explicitly addresses the Career and Technical Education foundational skill of communicating "respectfully and effectively with people of different cultures and diverse perspectives." The Seal is a statement of accomplishment that recognizes a student's readiness for career and college, and for engagement as a global citizen.

"Monolingualism is the illiteracy of the 21st century." (Gregg Roberts, Utah State Office of Education)

Four national organizations collaborated to draft recommendations for the implementation of the Seal of Biliteracy: American Council on the Teaching of Foreign Languages (ACTFL), National Association of Bilingual Education (NABE), National Council of State Supervisors for Languages (NCSSFL), and TESOL International Association (2015). To ensure consistency in the significance of this recognition, the KSDE World Language Advisory Council recommends following these national guidelines with appropriate additions and guidance for implementation in our state.

What is Biliteracy?

Biliteracy refers to having a functional level of proficiency in two or more languages. The level of proficiency is not necessarily identical for all languages, but must include both social and academic language skills.

Who Qualifies for the Seal of Biliteracy?

Upon completion of high school all students are eligible to attain the Seal of Biliteracy. Students must demonstrate the state-determined level of proficiency in English, as well as one or more additional languages, be they native languages, heritage languages, or languages learned in school and other settings.

Level of Language Proficiency Required

English: Both native and non-native speakers of English need to provide comparable evidence of English Proficiency, as determined by the state guidelines.

Other Languages: Native and non-native users of a language other than English need to provide evidence of proficiency in that language. The *minimum* target level should be Intermediate Mid based on the ACTFL Proficiency Guidelines or equivalent.

Kansas should adopt a two-tier Seal of Biliteracy awarding a Kansas **Gold** Seal of Biliteracy for "Intermediate Mid" (ACTFL) and Kansas **Platinum** Seal of Biliteracy for "Advanced Low" (ACTFL). The latter is especially appropriate for students graduating from bilingual or dual language programs.

Due to unique characteristics of certain languages, special allowances may need to be made. Examples include, but are not limited to American Sign Language, Classical Greek, Latin, and Native American Languages.

Evidence of Language Proficiency Required

For many languages, including English, specific assessments exist and provide a valid and reliable means of measuring students' language performance. The evidence needs to evaluate students' use of the language, not knowledge about the language. In cases where valid assessments of specific languages are not available, a process will be outlined through which comparable proficiency may be determined.

English: We recommend demonstrating English proficiency by completing language arts requirements for high school graduation or by achieving a benchmark score on a validated test such as:

- Kansas English Language Arts Assessment at high school level “career and college ready” [3]
- Kansas English Language Proficiency Assessment for English Language Learners “proficient [4]” or higher
- Other assessments identified by the state as appropriate for demonstrating English proficiency equivalent to meeting high school graduation requirements.

Other Languages: We recommend demonstrating proficiency in the language other than English through a validated test, such as:

- Advanced Placement Exam
- International Baccalaureate Exam
- Oral Proficiency Interview, Reading Proficiency Test, and Writing Proficiency Test (ACTFL)
- Standards-based Measurement of Proficiency (STAMP4S)
- ACTFL Assessment of Performance toward Proficiency in Languages (AAPPL)
- Tribal language validation by tribal officials
- Signed Language Proficiency Interview (SLPI) for American Sign Language
- ACTFL Latin Interpretive Reading Exam (ALIRA)
- Other assessments correlated to the required minimum level of language proficiency.

Equitable Access

“All students” means all, regardless of language background or any documented condition that may exclude demonstration of language proficiency in one of the modes of communication. Accommodations, such as those already in place for state-required assessments of language, should be included for assessments and requirements used to qualify for the Seal of Biliteracy. All students should receive information on the Seal of Biliteracy upon entering middle and high school settings so that they are able to organize their Individual Plan of Study to meet the requirements of this honor.

State/District Process to Award the Seal of Biliteracy, beginning May 2017.

The Seal of Biliteracy will be awarded upon high school graduation. The district will identify which students will receive this honor, based on the evidence described above. KSDE will provide guidance concerning documentation of those receiving the Seal of Biliteracy.

Subject: Receive non-accreditation request from St. John's Military School
Date: 3/28/2016
Board Goals: Board Matters

St. John's Military School, Salina, has notified the Kansas State Department of Education of its decision to discontinue accreditation through the Kansas State Board of Education and seek accreditation through AdvanceED. The request letter is attached. The State Board will consider this as a receive item this month.

Currently, St. John's Military School is an accredited private secondary school with a student headcount of 105 (2015-16).

All public schools in Kansas are required to participate in the state accreditation process. Private schools are not required to do so. However, all private schools are required to register with KSDE per Kansas Statute 72-53, 101(a).

Private schools operating in Kansas that do participate in the state's accreditation are referred to as "Accredited Private Schools." Private schools that do not participate in the state accreditation process are referred to as "Non-Accredited Private Schools."

Recommended Motion:

It is moved that the Kansas State Board of Education accept the attached recommendations for licensure waivers.

Explanation of Situation Requiring Action:

SBR 91-31-42 allows any school district to request a waiver from one or more of their accreditation requirements imposed by the State Board. Requests by schools to waive school accreditation regulation SBR 91-31-34 (appropriate certification/licensure of staff) are reviewed by the staff of Teacher Licensure and Accreditation. The district(s) must submit an application verifying that the individual teacher for whom they are requesting the waiver is currently working toward achieving the appropriate endorsement on his/her certificate/license. A review of the waiver application is completed before the waiver is recommended for approval.

The attached requests have been reviewed by the Teacher Licensure and Accreditation staff and are being forwarded to the State Board of Education for action. If approved, school districts will be able to use the individuals in an area outside the endorsement on their license, and in the area for which they have submitted an approved plan of study. The waiver is valid for one school year.

Item Title:

Act on Education Flexibility Partnership (Ed-Flex) Waiver

Board Goals:

Provide a flexible and efficient delivery system to meet our students' varied and changing needs

Recommended Motion:

It is moved that the Kansas State Board of Education approve the Education Flexibility Partnership (Ed-Flex) Waiver request for USD 265 Goddard.

Explanation of Situation Requiring Action:

Kansas has the authority under the Education Flexibility Partnership Act of 1999, amended by the No Child Left Behind Act of 2001, to waive certain federal requirements. USD 265 Goddard is seeking waivers from Title I, Part A, Section 1114 Schoolwide Programs which requires Title I schools to have at least 40 percent poverty in order to become a Title I schoolwide. Amelia Earhart Elementary has a poverty rate of 29.09 percent, Clark Davidson Elementary has a poverty rate 33.77 percent, and Oak Street Elementary has a poverty rate of 30 percent. The district is requesting permission to have these schools become Title I Schoolwide schools in 2016-2017. These schools would have to be identified as a Title I school and have their Title I schoolwide plan approved by the Kansas State Department of Education Schoolwide Review Team in order to implement the waiver.

The Kansas State Department of Education staff recommends the Ed-Flex waiver be granted.

Request from USD 233, Olathe, Johnson County, to hold a bond election

Board Goals:

Governmental Responsibility

Recommended Motion:

It is moved that the Kansas State Board of Education issue an Order authorizing USD 233, Olathe, Johnson County, to hold an election on the question of issuing bonds in excess of the district's general bond debt limitation.

Explanation of Situation Requiring Action:

Under KSA 75-2315 et seq., a school district may request that the State Board of Education authorize the district to hold an election on the question of issuing bonds in an amount which would cause the district's bonded indebtedness to exceed the district's general bond debt limitation. USD 233, Olathe, Johnson County, has made such a request. If approved, the district could hold an election on the question of whether additional bonds be issued. If the voters approve such action, the district could issue the bonds.

USD 233 plans to use the bond proceeds to pay the costs to: (1) purchase and improve sites; and (2) acquire, construct, furnish, equip, repair, remodel and make additions to buildings used for school district purposes including a new middle school, safety and security improvements, upgraded computer and communications technology.

Based upon the following criteria, staff recommends that this bond application be approved.

1. The vote to submit the bond application by the local board of education was unanimous.
2. The district is experiencing a growth in enrollment.
3. The community was involved in the process of the building proposal.
4. All required forms were properly filed with us, along with an appropriate notice for the election.
5. The district outlined the needs for the building project by responding to all questions required by the State Board of Education.
6. An outside consultant was utilized in determining the school district needs.
7. The age of the existing building(s) appears to justify a bond election.
8. The application indicates that the building(s) are in need of major repairs in order to provide the necessary student programs.

Recommended Motion:

It is moved that the Kansas State Board of Education authorize the Commissioner of Education to exercise the option to renew the contract with Istation for the purpose of providing a reading intervention program for all PK - 8 students in Kansas, with a contract amount not to exceed \$2,100,000 per fiscal year through June 30, 2021.

Explanation of Situation Requiring Action:

In 2015, the Kansas Legislature appropriated funds for a statewide Kansas Reading Success Program to provide academic support to help ensure achievement on grade level reading. Per the guidelines submitted by the Kansas Department of Administration, Purchasing Division, a contract was awarded to Istation on Sept. 8, 2015 with an option to renew for five additional 12-month periods. The renewal option is to be exercised annually if funds are appropriated by the legislature and signed by the Governor.

Act to continue contract with the Center for Educational Testing and Evaluation

Board Goals:

Provide a flexible and efficient delivery system to meet our students' varied and changing needs

Recommended Motion:

It is moved that the Kansas State Board of Education authorize the Commissioner of Education to continue a state assessment contract with the Center for Educational Testing and Evaluation (CETE) with the contract amount not to exceed \$7,000,000, for the period June 2016 through December 2017.

Explanation of Situation Requiring Action:

The Center for Educational Testing and Evaluation (CETE) at the University of Kansas has been under contract with the Board of Education since September 1989 for the purposes of developing, administering, scoring, and reporting results of the state's large-scale assessment program. More specifically, CETE has undertaken the following tasks: (1) management, maintenance, and delivery of a formative, interim and summative assessment system; (2) completion of psychometric studies required by the federal peer review; and (3) production of assessment documentation and materials used by Kansas educators.

Assessment activities for 2016-17 are as follows: (1) continue development of interim assessments in mathematics and language arts and calculate a predictive model; (2) further enhance, administer, score and report the summative assessment for General Education in grades 3-8 and high school for mathematics and language arts; (3) further enhance, administer, score, and report the summative science assessment for General Education in grades 5, 8 and 11; (4) implement test development protocols and procedures pursuant to federal peer review requirements (e.g., facilitate meetings with the Kansas Technical Advisory Committee, facilitate focus groups for item test design, post hoc psychometric analysis of field test data, facilitate a cut score setting process); (5) provide the Alternate Assessment in English Language Arts and mathematics for Special Education students for Grades 3-8 and high school and science in grades 5, 8, and 11 by utilizing the Dynamic Learning Maps assessment; (6) administer, score and report the English Language Learner assessment in grades K –12; (7) continue development, administer, score and report cPass assessments available to Kansas Technical education students; (8) further develop assessment infrastructure modifications necessary for the implementation of the Kansas College and Career Ready Standards.

The 2017 not-to-exceed contract request reflects a decrease from the total contract with CETE in 2016. The English Language Learner assessment is an expensive assessment to administer, score and report. Previous long-term projection expenses from CETE did not include the ELL assessment. Primarily federal funds or otherwise identified funds from existing sources are available for the above-mentioned activities. Staff recommends State Board approval of the continuation of the contract with CETE for the purposes mentioned and authorization of the Commissioner of Education to sign the contract on behalf of the Board.

Act to initiate contract bid process for mentoring of school-based sign language interpreters

Board Goals:

Provide an effective educator in every classroom

Recommended Motion:

It is moved that the Kansas State Board of Education authorize the Commissioner of Education to initiate a contract bid process for selecting a vendor to mentor educational interpreters who serve western Kansas public schools, with the contract amount not to exceed \$30,000 per year. Vendor to be determined.

Explanation of Situation Requiring Action:

The Early Childhood, Special Education and Title Services team requests approval to award federal funds for the period July 1, 2016 through June 30, 2021, not to exceed \$30,000 per year. Total for five-year period is \$150,000.

A qualified vendor will operate a system of classroom-based mentoring, coaching, training and individualized support for education interpreters in areas of the state that have shortages of qualified educational interpreters and limited access to professional development. By approving this contract, the necessary federal funds will continue the provision of intensive job-embedded mentoring for at least 8-10 education interpreters each year. Additional workshops will be offered to mentees with follow up. The vendor also is expected to provide resources and consultation to individual educational interpreters via online two-way video, email and phone.

As a result, critical educational interpreting needs of students who are deaf and hard of hearing in western Kansas schools will be supported. The provision of this support is essential to increasing the quality of interpreting services for children who are deaf in public schools located throughout western Kansas. This program also assists in retaining qualified educational interpreters, which is critical in light of existing shortages.

Act to initiate contract bid process with a vendor to operate a statewide program for the identification and training of education advocates for children with disabilities.

Board Goals:

Governmental Responsibility

Recommended Motion:

It is moved that the Kansas State Board of Education authorize the Commissioner of Education to initiate a contract bid process for selecting a vendor to operate a statewide program for the identification and training of education advocates for children with disabilities, in an amount not to exceed \$265,000 per year. The procurement process is under way and a vendor is not able to be named at this time.

Explanation of Situation Requiring Action:

The Early Childhood, Special Education and Title Services team requests approval to award federal funds for the period July 1, 2016 through June 30, 2021, in an annual amount not to exceed \$265,000. Annual renewal is contingent upon successful completion and approval by KSDE through June 30, 2021 by written agreement of the parties. Total for five-year period is \$1,325,000.

A Kansas Education Advocate system has been in operation for nearly three decades. The Education Advocate Program cannot be interrupted and as such the Department seeks approval to contract with a recommended vendor to operate a program which recruits, trains, and assigns qualified individuals to serve as Educational Advocates, to act as a surrogate for the parents. This will enable the State of Kansas and the Kansas Department of Education to continue to meet its legal responsibilities for ensuring children are afforded the rights specified in the Individuals with Disabilities Education Act (IDEA).

The qualified vendor will ensure children with disabilities, who are required to have an Education Advocate, have a qualified educational decision maker assigned. The Education Advocate must be identified and appointed within 30 days of notification. The qualified vendor will train persons to become Education Advocates, receive referrals for students, match advocates to children, cancel appointments, develop training curriculum, provide assistance, problem solve situations, collaborate with other state agencies such as the Department of Children and Families and the Juvenile Justice authority, survey needs, and keep current records of appointments and cancellations as well as persons serving as advocates and trainers.
