Requesting access to Authenticated Applications

For users that do not have access to any other applications in Common Authentication:

The ESSER application has two access levels for district level users, one for District Read Only access and one for District Data Entry access. If you are a user who will be completing the application and submitting line items for your district you will need to request District Data Entry access. If you are a user who is requesting access to have the ability to monitor the progress of the application and line items you will need to request District Read Only access. Follow the steps below to obtain access:

- 1) Go to the KSDE User Registration page at <https://apps.ksde.org/Authentication/register.aspx>
- 2) Enter your First Name, Last Name, Phone # and Email Address in the boxes provided.

Save button

This button will save the data you have entered without submitting the application. This button should be used early and often. Please note that if you leave the application (program) with the application partially completed and do not click the Save button any data you entered since the last time you clicked Save will be lost. Also, the application (program) is designed to time users out after a period of inactivity. It will display a warning box indicating this is about to happen but if the application (program) is not your active page or your screen saver is on you may not see the message. If you are timed out by the application (program) you will lose any data you entered since the last time you clicked Save.

Commit for Submission button

When all of the data fields are filled click this button to indicate the application is ready to submit. After clicking the Commit for Submission button, you will be able to add detailed information for as many line items as the district needs.
