Overview:

The Elementary and Secondary Education Act of 1965 (ESEA), currently authorized as the Every Student Succeeds Act (ESSA) of 2015, is federal legislation that promotes student achievement through school and district reform. ESSA requires each state to develop and implement a system for holding all districts and schools accountable for the education of students.

The nine sections in the following document detail the Local Education Agency (LEA) responsibilities under ESEA. Each LEA must be able to demonstrate compliance with every aspect of the ESEA.

Please review the sections in the form **prior** to completing the ESEA Consolidated Review Self-Assessment within the Kansas Integrated Accountability System (KIAS). When required to complete data verification, evidence must be submitted for each data verification question noted and documentation must be provided to Kansas State Department of Education (KSDE) via KIAS. LEAs are encouraged to reference the "Acceptable LEA evidence" column provided for each requirement to find examples of documents to submit for evidence. **LEAs are required to submit at least one piece of evidence for each question selected for data verification.** Although there is not a specific number of items an LEA is required to submit for evidence, LEAs should submit enough documentation to ensure the provided evidence meets the requirements under the ESEA Act. The same piece of evidence may be accepted for multiple requirements/sections and will need to be upload accordingly.

If you are non-compliant with the stated ESEA requirements or do not have the appropriate documentation to support compliance, a Corrective Action Plan (CAP) is required to be submitted. The CAP must be signed by the superintendent or authorized person, and clearly state the actions the LEA will take to meet the specified federal requirement.

APPENDIX A: Title I Targeted Assistance Plan Example

Targeted Assistance Plan

Title I requires Targeted Assistance Schools to address the following items when designing the Title I services. Each school should have its own plan. Please respond to each question; be sure that responses are clearly numbered and/or are labeled.

- 1) List the school's established multiple criteria that will be used to identify students with the greatest need:
 - a) PK 2 selection criteria
 - b) 3 12 selection criteria
- 2) Describe the process that will be used to correctly identify students for participation in the Title I program, please include the ranking and selection of the students.
- 3) Describe the evidenced-based practices that will be used to provide Title I services which include:
 - a) Using supplemental instructional strategies and methods that strengthen the core academic program of the school,
 - b) Scheduling models that will be used, giving primary consideration to providing extended learning time for served students,
 - c) Providing an accelerated, high-quality curriculum, and
 - d) Minimizing the removal of children from the regular classroom during regular school hours
- 4) Describe how the school will ensure that Title I funded teachers meet state certification in both content and grade level and paraprofessionals meet the definition of "Highly Qualified."
- 5) Describe the process used to provide high quality and ongoing professional development to principals, teachers, paraprofessionals and parents in the Targeted Assistance School.
- 6) Describe the strategies used to increase parental involvement based on the school's Parental Involvement Policy. Please attach policy and parental involvement compact.
- 7) Describe how the Title I program will supplement the core programs.
- 8) Describe how transitions from pre-school, elementary, or middle school will be supported.
- 9) Describe the process for reviewing the progress made by participating children, on an ongoing basis, and the process for revising the programs as needed to provide additional assistance to enable these children to meet the State and content standards.

APPENDIX C: Parent/Student/Teacher Compact

Creating Family School Community Partnerships

Sample Parent Compact

The school-parent compact is a written agreement between teachers and parents. It is a document that clarifies what families and schools can do to help children reach high academic standards. The compact is a written commitment and serves as a clear reminder of everybody's responsibility to take action at school and at home so that children can learn what is required of them. The purposes of this agreement are to help parents and teachers come to a consensus on the responsibilities of the individuals influencing student achievement. If the compact is taken seriously and implemented effectively, it will assure that there will be support for the academic success of the student by enhancing effective communications between school and the home.

As a Parent – I promise to:

- · Let the teacher know if my child has any problems with learning
- Use reading and math materials the school sends home each week to help my child
- Read to my child 20 minutes a day
- Keep a list of new words, and link letters to sounds
- Play number games with my child every week
- Help my child see how to use reading and math to pursue his/her interests and goals

As a Student – I promise to:

- Let my teacher and family know if I need help
- Read on my own and with my family every day
- Work on my math and reading skills at home, using the materials my teacher sends home
- Write down assignments, do my homework every day, and turn it in when it's due
- Write a report each week about a TV program I watch

As the Teacher – I promise to:

- Create a partnership with every family in my class
- Monitor student progress in reading and math and update parents monthly
- Make sure all students get help as soon as it's needed
- Send home learning materials in math and reading
- Explain my approach to teaching, expectations, and grading system to students and their families
- Continually work on my teaching strategies so that I can successfully teach all children
- Assign work that is relevant and interesting
- Make sure students understand the assignment and what theyll learn from it, and grade it promptly

Subject: Notification to Parents of Teacher/Paraprofessional Qualifications

In accordance with Every Student Succeeds Act (ESSA)/ PARENTS' RIGHT-TO-KNOW, this is a notification from [insert school name] to every parent of a student, in a Title I school, that you have the right to request and receive in a timely manner: a) information regarding the professional qualifications of your student's classroom teachers and/or paraprofessionals.

The information regarding the professional qualifications of your student's classroom teachers/paraprofessional shall include the following:

- I. If the teacher has met state certification/qualification criteria for the grade level and subject areas taught:
- II. If the teacher is teaching under emergency or other provisional status through which state certification/qualification criteria are waived;
- III. The teacher is assigned in the field of discipline of the certification;
- IV. Whether the student is provided services by paraprofessionals, and if so, their qualifications [ESSA 1112(e)(1)(A)(i)-(ii)]

Teachers may meet this requirement if the district is implementing its approved District Innovation teacher certification policy or if the teacher meets the State Certification assignment rules.

In addition to the above information:

- Parents will be notified if their student has been taught for four or more consecutive weeks by a teacher who does not meet the applicable state certification requirements at the grade level and subject area in which the teacher has been assigned. [ESSA 1112(e)(1)(B)(ii)].
- Parents have the right to request their child's/children's state assessment scores, and they have a right to obtain the school and school district state report cards.

If you would like to receive any additional information about any of the above issues, please contact [insert contact name] at [insert telephone number].

APPENDIX F: Title I Program Annual Evaluation Procedure Example

Title I Program Evaluation Procedure

The effectiveness of the Title I program is to be evaluated annually. The evaluation considers all aspects of the Title I program, including effectiveness of policies, involvement of parent/guardians and impact of equitable services for private school children, where applicable.

The following primary questions guide program evaluation:

- 1) Has the Title I program been effective?
- 2) What has worked well in the Title I program?
- 3) What has not worked well in the Title I program?
- 4) How should the Title I program be refined?

The data are analyzed, and the results of these analyzes are used as the source of evidence to determine the answers to the four questions.

- 1. Information is collected in the form of formative and summative student performance data; surveys; attendance data; and other data from students, teachers, and administrators. Additionally, a program evaluation survey is distributed to all Title I families in Title I schools. To the extent practicable, the survey is made available in multiple languages.
- 2. The data are analyzed by the Title I Coordinator with the assistance of other staff, as needed.
- 3. As necessary and appropriate, the results of the analysis are shared with Title I staff, Title I building classroom teachers, principals, district administrators, parents, and other shareholders to determine necessary and important changes that should be made to the Title I program to better serve its students.
- 4. The results of the evaluation, including information about any changes to the Title I program, are shared with district and school officials, and distributed to all Title I families in Title I schools. To the extent practicable, the evaluation results are made available in multiple languages.

APPENDIX I: Foster Care Transportation Procedures Example

Transportation to Ensure School Stability

Individual Student Form

Once a child in foster care is identified, the Local Educational Agency's (LEA) Foster Care Point of Contact (POC) shall be notified. The LEA Foster Care POC will execute the procedure to maintain children in foster care in their school of origin, when in their best interest, and determine how that transportation will be promptly provided, arranged, and funded in a cost-effective manner, pursuant to section 475(4)(A) of the Social Security Act (42 U.S.C. 675(4)(A)). Transportation to the school of origin for children in foster care is a shared responsibility between the child welfare agency and the school of origin. This collaboration requires great partnership, creative problem-solving skills, and a student-focused mindset so children in foster care would be affirmingly supported by all foster care education stakeholders.

DOCUMENTATION OF PRIVATE SCHOOL CONSULTATION

The Elementary and Secondary Education Act (ESEA) as reauthorized by the Every Student Succeeds Act (ESSA) requires that consultation occur between the local education agency and private school officials.

Consultation should be ongoing, and the following topics should be discussed before any decisions are made:

How the specific needs of eligible children will be identified;

Types of services that will be offered to meet those needs;

How, where, and by whom services will be provided;

When and how often services will be provided, including the approximate time of day;

How and when the decision will be made in regard to the delivery of services and if the services will be provided directly or through a government agency, consortium, entity, or third party contractor;

How the LEA will assess academically the services to eligible private school children, and how the LEA will use the results of that assessment to improve Title I services;

The size and scope of the equitable services that the LEA will provide to eligible private school children, the proportion of funds that will be allocated to provide these services, how the proportionate share was determined, and whether funds will be pooled;

The method or sources of data that the LEA will use to determine the number of private school children from low income families residing in participating public school attendance areas, including whether the LEA will extrapolate data, if a survey is used;

The equitable services the LEA will provide to teachers and families of participating private school children;

If the LEA disagrees with the views of the private school officials on the provisions of services through a contract, the LEA must provide the private schools the reasons in writing why the LEA chooses not to use a contractor;

Whether to consolidate Title I equitable services funds available for services to private school children under other ESEA programs.

The private school official should initial here if they agree that timely and meaningful consultation occurred
 before the local education agency made decisions that affected the participation of eligible private school
children in the following Title program services: Title I A, Title I C, Title II A, Title III, and Title IV A.

In 2024-2025, the private school will participate in the following programs:

- (42) Professional development. -- The term `professional development' means activities that—
 - **(A)** are an integral part of school and local educational agency strategies for providing educators (including teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, and as applicable, early childhood educators) with the knowledge and skills necessary to enable students to succeed in a well-rounded education and to meet the challenging State academic standards; and
 - **(B)** are sustained (not stand-alone, 1-day, or short-term workshops), intensive, collaborative, job-embedded, data-driven, and classroom-focused, and may include activities that—
 - (i) improve and increase teachers'--
 - (I) knowledge of the academic subjects the teachers teach;
 - (II) understanding of how students learn; and
 - (III) ability to analyze student work and achievement from multiple sources, including how to adjust instructional strategies, assessments, and materials based on such analysis;
 - (ii) are an integral part of broad schoolwide and districtwide educational improvement plans;
 - (iii) allow personalized plans for each educator to address the educator's specific needs identified in observation or other feedback;
 - (iv) improve classroom management skills;
 - (v) support the recruitment, hiring, and training of effective teachers, including teachers who became certified through State and local alternative routes to certification;
 - (vi) advance teacher understanding of--
 - (I) effective instructional strategies that are evidence-based; and
 - (II) strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers;
 - (vii) are aligned with, and directly related to, academic goals of the school or local educational agency;
 - (viii) are developed with extensive participation of teachers, principals, other school leaders, parents, representatives of Indian tribes (as applicable), and administrators of schools to be served under this Act;
 - (ix) are designed to give teachers of English learners, and other teachers and instructional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula and assessments;
 - (x) to the extent appropriate, provide training for teachers, principals, and other school leaders in the use of technology (including education about the harms of copyright piracy), so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and academic subjects in which the teachers teach;
 - (xi) as a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement, with the findings of the evaluations used to improve the quality of professional development;
 - (xii) are designed to give teachers of children with disabilities or children with developmental delays, and other teachers and instructional staff, the knowledge and skills to provide instruction and academic support services, to those children, including positive behavioral interventions and supports, multi-tier system of supports, and use of accommodations;
 - (xiii) include instruction in the use of data and assessments to inform and instruct classroom practice;

(xiv) include instruction in ways that teachers, principals, other school leaders, specialized instructional support personnel, and school administrators may work more effectively with parents and families;

(xv) involve the forming of partnerships with institutions of higher education, including, as applicable, Tribal Colleges and Universities as defined in section 316(b) of the Higher Education Act of 1965 (20 U.S.C. 1059c(b)), to establish school-based teacher, principal, and other school leader training programs that provide prospective teachers, novice teachers, principals, and other school leaders with an opportunity to work under the guidance of experienced teachers, principals, other school leaders, and faculty of such institutions;

(xvi) create programs to enable paraprofessionals (assisting teachers employed by a local educational agency receiving assistance under part A of title I) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers;

(xvii) provide follow-up training to teachers who have participated in activities described in this paragraph that are designed to ensure that the knowledge and skills learned by the teachers are implemented in the classroom; and

(xviii) where practicable, provide jointly for school staff and other early childhood education program providers, to address the transition to elementary school, including issues related to school readiness."

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)/BILINGUAL EDUCATION PROGRAM GUIDANCE

Upon enrollment, every student or parent/guardian must be given a Home Language Survey. This survey will be used to determine which students should be assessed for English proficiency. Knowledge of, or exposure to another language does not, in and of itself, qualify a student for ESOL services.

If a language other than English is indicated in any of questions 1-4, the student will be assessed to determine eligibility for English for Speakers of Other Languages (ESOL) services. Please complete one form for each child.

APPENDIX T: KELPA Report Example

STUDENT REPORT:

GRADE: / STATE ID:

SCHOOL: DISTRICT: 2022-2023

This report shows and explains the student's performance on the Kansas English Language Proficiency Assessment (KELPA). The KELPA measures growth in English language proficiency to ensure all English learners (ELs) are prepared for academic success. This report provides performance levels on each domain tested: speaking, writing, listening, and reading, as well as an overall proficiency determination. These results are used by the teachers, the school, and the school district in planning the student's level of support and participation in the EL program.

Overall Proficiency: Level 3

1-Not Proficient: Students who are not yet proficient have not attained a level of English language skill necessary to produce, interpret, and collaborate on grade-level, content-related academic tasks in English. This is indicated by attaining performance levels of Beginning and Early Intermediate in all four domains. Students who are not proficient are eligible for ongoing program support.

2-Nearly Proficient: Students are nearly proficient when they approach a level of English language skill necessary to produce, interpret, and collaborate on grade-level, contentrelated academic tasks in English. This is indicated by attaining performance levels with above Early Intermediate that does not meet the requirements to be proficient. Nearly proficient students are eligible for ongoing program support.

3-Proficient: Students are proficient when they attain a level of English language skill necessary to independently produce, interpret, collaborate on, and succeed in gradelevel, content-related academic tasks in English. This is indicated by attaining performance level of Early Advanced in all domains.

Domain Performance Levels

		Domaii	n Score		
Year	Speaking	Writing	Listening	Reading	Progress Toward Proficiency
2022	3	3	4	2	
2023	4	4	4	4	Proficient

- 4-Early Advanced Demonstrates English language skills required for engagement with grade-level academic content instruction at a level comparable to non-ELs
- 3-Intermediate Applies some grade-level English language skills and will benefit from EL program support
- 2-Early Intermediate Presents evidence of developing grade-level English language skills and will benefit from EL program support
- 1-Beginning Displays few grade-level English language skills and will benefit from EL program support

2024 Individual Student Report for Families

This is Individual Score Report on the WIDA Alternate ACCESS English language proficiency test. This test is based on the WIDA English Language Development Standards and is used to measure progress in learning English. Scores are reported as Alternate English Language Proficiency Levels.

What are Alternate English Language Proficiency Levels?

Alternate English language proficiency levels describe how multilingual learners with significant cognitive disabilities use and understand English language and communication. Each proficiency level builds upon the previous level.

Descriptions about each of these levels are called alternate proficiency level descriptors and help parents and teachers understand language development at various levels in Listening, Speaking, Reading, and Writing.

Individual		Alternate English Language Proficiency Levels (PL)													
Domain Score		Ent	1 ering	2 Emerging	3 Developing	4 Expanding	5 Bridging								
Listening	4			7,											
Speaking	4)													
Reading	4														
Writing	1														
Overall Proficiency Level*	3														

^{*}Overall score, as shown, in the last row in the table above, is calculated only when all four domains have been assessed.

NA: Not available

Students with Overall Proficiency Level of 3, typically can:

- ✓ Understand simple, related statements or questions spoken in English
- ✓ Read or decode a simple sentence
- ✓ Communicate one or more simple sentence(s) or question(s)
- ✓ Write one or more chunks of language, phrases or clauses about an idea

APPENDIX U: WIDA Report Example

State ID:

How will these results be used?

WIDA Alternate ACCESS scores have many potential uses. Test scores should be just one element in the decision-making process to:

- Monitor student progress annually (using scores from two or more years) scores from the first year taking WIDA Alternate ACCESS can establish a baseline to track future growth.
- Guide Individualized Education Plan (IEP) teams in determining English language acquisition supports.
- Inform dassroom instruction and assessment.
- Aid in programmatic decision making.

How can I use this information to help my child?

Many students use different language and communication strategies in school that can also be used at home. Talk to teacher for additional ways to help received. Below are some questions you can ask:

- What are my child's communication learning goals in school?
- What are my child's language learning goals in school?
- How can I help my child use their communication device at home to support their communication in English and their home language?
- What can I do at home to help my child with their homework?

Parents and caregivers can help their child progress in their English language proficiency. Everyday activities such as reading, storytelling, playing games, singing, and even watching TV can help promote English language, literacy and oral development. Focus on topics is interested in!

Where can I get more information?

FAQ

Tribal Consultation

TITLE VI

SEC. 8538(a). [20 U.S.C. 7918]

The Kansas State Department of Education Tribal Consultation Form is a template document for school districts and Tribal Nations to engage in effective, continuous, and meaningful consultation. We are committed to consultation success. Completed forms should be kept on file at the school and must be attached to the ESEA Consolidated Review Self-Assessment within the Kansas Integrated Accountability System.

Am I required to complete a tribal consultation?

If your district has received Title VI funds greater than \$40,000 or if your district is greater than 50% American Indian/Alaska Native (Al/AN), then you are required to initiate a tribal consultation. Meaning you are an "affected LEA".

[20 U.S.C. 7918, ESSA Sec. 85389(c)(1)(A) & (B)]

Where do I file or store this document?

Districts must store the document in their own files according to their retention policies and must submit a copy to KSDE and upload a copy to the to the ESEA Consolidated Review Self-Assessment within the Kansas Integrated Accountability System. Documentation will be reviewed during the ESEA Consolidated Review Monitoring process.

[20 U.S.C. 7918, Sec 8538(b)]

Do I need to attach any additional documentation?

LEAs are not required to send additional documentation; you are welcome to send a copy of the consultation agenda and other supporting documents to help us improve future technical assistance to districts.

What are example consultation topics?

LEAs are required to solicit substantive contributable material to federal applications.

- How students' needs will be identified (culturally, linguistically, and academically)
- · What services will be offered
- Size and scope of equitable services
- Equitable services to teachers and parents
- How and when decisions about the delivery of services will be made

- Proportion of funds allocated for services
- Title programs under ESSA
- How, where, when, and by whom services will be provided
- How services will be assessed and improved upon based on assessment results
- Parent and Tribal engagement

FAQ: Tribal consultation

Who is a Tribal appropriate official?

Appropriate officials are Tribal individuals who are elected, appointed, or designated in writing for the specific purpose of consultation. The U.S. Office of Indian Education (OIE) stated in Part II of the EASIE Frequently Asked Questions Version 14.0 "Appropriate officials may be used as an Indian Parent Committee's tribal representative; however, it is not required."

*Border districts may want to search neighboring states

Required/Recommended next steps after completion of ESSA Tribal Consultation:

- <u>Required Action:</u> Submit documentation to KSDE AND upload a completed consultation form into the ESEA Consolidated Review Self-Assessment during the upcoming data collection period.
- Provide each Tribal appropriate official with a printed or digital copy of the proposed consultation agreement which can either be the provided template or other appropriate design.
- Write a thank you email to all participants reciting any pending questions and allow for an opportunity to clarify or address the questions.
- Prioritize tribes within 50 miles.
- Print out your emails and write down if any phone calls were made and include an appropriate timestamp.
