INTRODUCTION | ESSENTIAL ELEMENTS BLUEPRINT/SELECTION DATA

## DLM Familiar Texts

<https://dynamiclearningmaps.org/instructional-resources-ie>

This page links to the Instructional Resources for IE model states. Teachers can select Familiar Text or Currently Tested Essential Elements for ELA. The mini-maps for each EE contain Instructional Resources with links to the DLM Familiar Texts for each linkage level. The Familiar Text link goes to all familiar text and can be selected by grade. In the Dynamic Learning Maps® (DLM®) alternate assessment, students with the most complex needs are given the opportunity to become familiar with the books they will encounter in the assessment. These familiar texts are used in all Initial Precursor testlets and in some other linkage levels for some EEs. Unfamiliar texts are used in some linkage levels for some EEs where access to the text prior to administration is not necessary for the student to demonstrate their understanding. Descriptions of the texts and their features are provided for each Essential Element and linkage level by selecting about grade familiar texts. Educators are encouraged to use this information as a resource for planning instruction.

## Exemplar Text Supports

# Progress Reports vs. Score Reports

- On-Demand Progress Reports
  - are available in Educator Portal shortly after a student takes each testlet in Student Portal.
  - involve the “Report” and “Evaluate” steps of the instruction/assessment cycle.
- Individual Student Score Reports
  - are used to communicate end-of-year results.
  - include results from testlets taken during both assessment windows.
