The Kansas State Department of Education does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies: KSDE General Counsel, Office of General Counsel, KSDE, Landon State Office Building, 900 S.W. Jackson, Suite 102, Topeka, KS 66612, (785) 296-3201.

Indicator 8

What is Indicator 8?

- Indicator 8 is part of the State Performance Plan/Annual Performance Report (SPP/APR) that is submitted to the Office of Special Education Programs (OSEP) every February
- Indicator 8 measures parent involvement in their child's education
 - Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities. 20 U.S.C. § 1416(a)(3)(A).
- KSDE uses a short survey linked in a parent letter to gather the information necessary for this Indicator

Who should receive the survey?

- Parents of students with a **disability** should receive the survey!
- If a parent(s) have more than one child with a disability, they should fill out the survey for the **eldest child still in school/receiving services**.
- Since Indicator 8 is used for **federal** reporting, **parents of students who are gifted only should NOT receive the survey**.

Survey Information

- The survey is very short. There is one question about parent involvement, five demographic questions, and one optional comment box.
- The survey is open from the date the survey letter is sent to Special Education directors through May 31st, 2026. This is to allow as much time as possible for parent participation.

LEA Involvement

- A large part of getting the most accurate data for Indicator 8 is getting the letter that contains the survey to parents. This is where KSDE needs the help of those who interact with parents!
- Every fall the parent letter is sent by the lead for Indicator 8 (Josie McClendon) to Special Education Directors.
- From there, the director will decide how the survey is sent out. The most common forms are email, mail, or attached to the child's IEP.

After surveys are sent out

- Once the surveys have been sent out, the Special Education Director will delegate a representative from the LEA to complete the survey linked below. The information being asked for is the same as the information provided via email in previous years.

Indicator 11 Child Find

Exceptions to the Timeline

1. The parent of the child repeatedly fails or refuses to produce the child for the evaluation.
2. If a child enrolls in a new district after the evaluation has begun and before the determination of eligibility, however, the new district is required to make sufficient progress to ensure a prompt completion of the evaluation, and the parent and school district must agree to a specific timeline for completion.
3. If a parent agrees in writing to extend the timeline. This written extension should also include the date of when the initial evaluation will be completed.

Use the exceptions wisely!

- When a district applies one of the exceptions for not meeting the 60 school day timeframe, the district *must submit documentation to KSDE through the KIAS web application.*
- The documentation is then reviewed by Indicator 11 team to determine if the exception was used appropriately.
- The exceptions may *only be used within the timeframe of the initial evaluation that is occurring.*

Timeline

September 15, 2025- Deadline for submission of data within the KSDE KIAS web application Module KIAS Indicator 11.

Any data not submitted by this date will see a one-point deduction on the Timely and Accurate worksheet for Level of Determination.

Early Childhood Special Education

KSDE Special Education Administrators Webinar
September 12, 2025

Amanda Petersen, Director of Early Childhood

Amanda.Petersen@ksde.gov

Is your early childhood special education contact information up to date?

- The [Early Childhood Special Education Part B Contact List for Indicators 6, 7 & 12](#) supports local agencies' collaboration when families move between districts.
 - These contacts should be the staff member another agency can contact to request organization exits in the Outcomes Web System.
- Please review to confirm your agencies' information is up to date, and email changes to Beccy.Strohm@ksde.gov.

Indicator 6: Preschool Environments

The Individuals with Disabilities Education Act (IDEA) requires that to the maximum extent appropriate, **children with disabilities**, including children in public or private institutions or other care facilities, **are educated with children who are not disabled**, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs **only** when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

“Research shows that early childhood inclusion is beneficial both to children with and without disabilities. The beginning years of all children’s lives are critical for building the early foundations of learning and wellness needed for success in school and later in life ... High-quality inclusion that begins early and continues into school likely produces the strongest outcomes.”

Policy Statement on Inclusion of Children with Disabilities in Early Childhood Programs,
U.S. Departments of Education and Health & Human Services, November 2023

Indicator 6: Preschool Environments

- Once data is entered for the year, you can review the Projected Indicator 6 Report in the KSDE SPEDPro authenticated application.
 - Districts must meet state targets for Indicators 6A and 6B to be eligible to apply for Kansans Can Star Recognition for Kindergarten Readiness.
- To request individual support in reviewing data or planning to improve, contact Angel.Spann@ksde.gov.
- See the KSDE TASN site: Indicator 6 for resources.

Indicator 7: Early Childhood Outcomes

Indicator 7: Early Childhood Outcomes

- Indicator 7 measures the percent of preschool children aged 3 through 5 with an individualized education program (IEP) who demonstrate improved:
 - Positive social-emotional skills (including social relationships);
 - Acquisition and use of knowledge and skills (including early language/communication and early literacy); and
 - Use of appropriate behaviors to meet their needs.
- **OWS is open for data correction July 1 through September 15.** Run the Missing Entry / Exit report to identify potentially missing data.
- **See the KSDE TASN site: Indicator 7 for resources.**

Indicator 12: Part C to Part B Transitions

Indicator 12: C to B Transitions

- Smooth, seamless transitions from Part C to Part B ensure young children with disabilities receive services without disruption or delay. Part B Indicator 12 is a compliance indicator that measures the percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their third birthdays. [20 U.S.C. §1416\(a\)\(3\)\(B\)](#) and [34 C.F.R. §300.101\(b\)](#).
- The Indicator 12 Data Verification is open in KIAS and will close October 15.
- See [the KSDE TASN Site: Indicator 12](#) for resources, including [updated Frequently Asked Questions](#) and an [updated memorandum of agreement between KSDE and the Kansas Department of Health and Environment](#).
 - KSDE and KDHE will be working together to review local MOUs between local Part C and Part B programs later this year.

Part C to Part B Electronic Referral System (CBER)

- Every agency should be regularly (at least every two weeks) logging into CBER (ksits.kdhe.ks.gov) to review and accept referrals.
 - Ensure you've designated a person responsible and have this on the calendar.
 - The CBER system will help you plan and prepare for smooth transitions.
- The Office of Special Education Programs (OSEP) requires KSDE to maintain a statewide system that tracks children who are transitioning from Part C to Part B. CBER allows for confirmation of the accuracy of referral dates reported by both C and B programs.
 - Contact Beccy Strohm (Beccy.Strohm@ksde.gov) to add or remove users.
 - Email kdhe.ksits@ks.gov and CC Beccy for requests for support.
- See [Frequently Asked Questions #4 and #5](#) for additional information.
