As a result of legislative reporting requirements all districts receiving State At-Risk funds must complete this section of the Local Consolidated Plan Annual Report.

1 Provide the unduplicated number of students who met the state's at-risk criteria and were, therefore, eligible for services funded with State At-Risk dollars. Do not provide the free lunch count but rather the number of students who met the following criteria:

An at-risk student is one who meets one or more of the following criteria:
* Is not working on academic grade level
* Is not meeting the requirements necessary for promotion to the next grade level; is failing subjects or courses of study
* Is not meeting the requirements necessary for graduation from high school (e.g., potential dropout)
* Has insufficient mastery of skills or is not meeting state standards
* Has been retained
* Has a high rate of absenteeism
* Has repeated suspensions or expulsions from school
* Is homeless and/or migrant
* Is identified as an English Learner
* Has social emotional needs that cause a student to be unsuccessful in school
* Is identified as a student with dyslexia or characteristics of dyslexia

2 How many of the identified students in question #1 were served with State At-Risk funds?

3 How many at-risk students received at-risk type services provided through other funding sources (i.e., Title I)? (Do not include special education funding.)

4 What research (e.g., student assessment data) did the district rely on in determining that the need for services or assistance existed?

5 Check which service(s)and/or assistance were provided with State At-Risk funds.

Check all services that apply	
☐	Additional In-Class Assistance
☐	After School Programs
☐	Alternative High School Programs
☐	High School Credit Recovery Course (Course completion or makeup)
☐	Language Support Programs for English Learners (EL)
☐	Other -- Specify
☐	Summer School
☐	Tutoring Programs

6 Describe the services provided with State At-Risk funds.

7 What were the results/effects (student impact data) of providing at-risk services (assessment data, graduation data, etc.)?

8 Please **list** the evidenced-based programs and/or practices that were utilized successfully in the at-risk program. Information regarding evidence-based practices can be found at: Click here

9 Did the district use any practice or program that does not have an evidence base or is not on the approved list?

☐ No. Please check this box if all of your programs and practices are either evidence based or are on the current list of approved evidence based programs/practices.

☐ Yes. Please check this box and **list** any practice or program that does not have an evidence base or is not on the current list of approved evidence based programs/practices that you plan on using next school year. You will need to be able to show evidence at the end of the school year that it is effective.
